NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. Operations and Basis of Presentation

The accompanying condensed consolidated financial statements of pSivida Corp. and subsidiaries (the “Company”) as of September 30, 2013 and for the three months ended September 30, 2013 and 2012 are unaudited. Certain information in the footnote disclosures of these financial statements has been condensed or omitted in accordance with the rules and regulations of the Securities and Exchange Commission (the “SEC”). These financial statements should be read in conjunction with the Company’s audited consolidated financial statements and footnotes included in its Annual Report on Form 10-K for the fiscal year ended June 30, 2013. In the opinion of management, these statements have been prepared on the same basis as the audited consolidated financial statements as of and for the year ended June 30, 2013, and include all adjustments, consisting only of normal recurring adjustments, that are necessary for the fair presentation of the Company’s financial position, results of operations, comprehensive loss and cash flows for the periods indicated. The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires management to make assumptions and estimates that affect, among other things, (i) reported amounts of assets and liabilities; (ii) disclosure of contingent assets and liabilities at the date of the consolidated financial statements; and (iii) reported amounts of revenues and expenses during the reporting period. The results of operations for the three months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the entire fiscal year or any future period.

The Company develops tiny, sustained-release products designed to deliver drugs and biologics at a controlled and steady rate for weeks, months or years. Using its core technology platforms, Durasert™ and BioSilicon™, the Company is focused on treatment of chronic diseases of the back of the eye and is also exploring applications outside ophthalmology. The Company has developed three of the four sustained-release products for treatment of retinal diseases currently approved in the U.S. or European Union (“EU”), and its lead product candidate began a Phase III clinical trial in the quarter ended June 2013. The Company’s strategy includes developing products independently while continuing to leverage its technology platforms through collaboration and licenses agreements.

ILUVIEN®, the Company’s most recently approved product, is an injectable, sustained-release micro-insert that provides treatment over a period of up to three years of vision impairment associated with chronic diabetic macular edema (“DME”) considered insufficiently responsive to available therapies. ILUVIEN is licensed to and sold by Alimera Sciences, Inc. (“Alimera”), and the Company is entitled to a share of the net profits less certain net losses (as defined) from Alimera’s sales of ILUVIEN for DME. Alimera commenced the commercial launch of ILUVIEN for DME in the U.K. and Germany in the second quarter of 2013 and expects to launch in France in 2014. ILUVIEN has also received marketing authorization in Austria, Portugal and Spain and has been recommended for authorization in Italy. In addition, Alimera has filed for ten additional EU country approvals. In October 2013, Alimera received its third Complete Response Letter (“CRL”) from the U.S. Food and Drug Administration (“FDA”) following resubmission of its New Drug Application (“NDA”) for ILUVIEN for DME. Identifying concerns regarding the benefit to risk and safety profiles of ILUVIEN, the FDA stated that the NDA could not be approved in its present form. To address the clinical and statistical deficiencies identified in the CRL, the FDA indicated that results from a new clinical trial would need to be submitted, together with at least 12 months of follow-up for all enrolled patients.

Medidur™, the Company’s lead development product, commenced the first of two planned pivotal Phase III clinical trials for the treatment of chronic non-infectious uveitis affecting the posterior of the eye (“posterior uveitis”) in June 2013. Medidur uses the same Durasert micro-insert used in ILUVIEN and delivers a lower dose of the same drug as the Company’s FDA-approved Retisert® for posterior uveitis. The Company is developing Medidur independently.

The Company is also developing a bioerodible, injectable micro-insert delivering latanoprost (the “Latanoprost Product”) to treat glaucoma and ocular hypertension. Under an amended collaboration agreement, Pfizer Inc. (“Pfizer”) has an option, under certain circumstances, to license the development and commercialization of the Latanoprost Product worldwide.

[Table of Contents](#)

The Company is engaged in pre-clinical research with respect to both its BioSilicon and Durasert technology platforms. The primary focus of the BioSilicon technology research is the use of Tethadur™ for the sustained delivery of peptides, proteins, antibodies and other large biologic molecules in both ophthalmic and non-ophthalmic applications. The Company's research program also includes the use of Durasert technology in orthopedic applications and for systemic delivery of therapeutic agents.

The Company's FDA-approved product Retisert provides sustained release treatment of posterior uveitis for approximately two and a half years and is licensed to and sold by Bausch & Lomb.

The Company has a history of operating losses and has financed its operations primarily from the proceeds of sales of its equity securities and the receipt of license fees, research and development funding, royalties and contingent cash payments from its collaboration partners. The Company believes that its cash, cash equivalents and marketable securities of \$16.5 million at September 30, 2013, together with expected Retisert royalty income and other expected cash inflows under existing collaboration agreements, will enable the Company to maintain its current and planned operations through calendar year 2014. This includes expected costs through that date of Phase III clinical trials of the posterior uveitis micro-insert, but excludes any potential milestone or net profits receipts under the Alimera collaboration agreement. The Company's financial resources could be significantly improved if Alimera were to generate significant net profits distributable to the Company from sales of ILUVIEN for DME. The Company's ability to fund its planned operations beyond 2014, including completion of Phase III trials of the posterior uveitis micro-insert, is expected to depend on the amount and timing of cash receipts under existing collaboration agreements, as well as any future collaboration or other agreements and/or financing transactions.

New accounting pronouncements are issued periodically by the Financial Accounting Standards Board ("FASB") and are adopted by the Company as of the specified effective dates. Unless otherwise disclosed below, the Company believes that the impact of recently issued pronouncements will not have a material impact on the Company's financial position, results of operations and cash flows or do not apply to the Company's operations.

2. License and Collaboration Agreements

Alimera

Under a collaboration agreement with Alimera, as amended in March 2008 (the "Alimera Agreement"), the Company licensed to Alimera the rights to develop, market and sell certain product candidates, including ILUVIEN, and Alimera assumed all financial responsibility for the development of licensed products. The Company is entitled to a 20% share of any future net profits, as defined, on sales of ILUVIEN by Alimera, measured quarterly on a country-by-country basis, subject to an offset of 20% of net losses, as defined, previously incurred by Alimera on a country-by-country basis. In the event that Alimera sublicenses commercialization, the Company is entitled to 20% of royalties and 33% of non-royalty consideration received by Alimera, less certain permitted deductions. In addition, Alimera agreed to pay a \$25.0 million milestone payment upon FDA approval of ILUVIEN for DME.

The terms of the Alimera Agreement defined the end period of the Company's performance obligations as December 31, 2009. Accordingly, amounts received thereafter are recognized as revenue upon receipt or at such earlier date, if applicable, on which any such amount is both fixed and determinable and reasonably assured of collectability.

Revenue related to the Alimera Agreement totaled \$13,000 and \$19,000 for the three months ended September 30, 2013 and 2012, respectively, and consisted of patent fee reimbursements.

Pfizer

In June 2011, the Company and Pfizer entered into an Amended and Restated Collaborative Research and License Agreement (the "Restated Pfizer Agreement") to focus solely on the development of a sustained-release bioerodible micro-insert designed to deliver latanoprost for human ophthalmic disease or conditions other than uveitis. The original Pfizer agreement was effectively terminated, including the cessation of Pfizer's \$500,000 quarterly funding of a research program. Upon execution of the Restated Pfizer Agreement, Pfizer made an upfront payment of \$2.3 million and the Company agreed to use commercially reasonable efforts to fund development of the Latanoprost Product, with technical assistance from Pfizer, for at least one year and, thereafter, at the Company's option, through completion of Phase II clinical trials, designated as Proof-of-Concept ("POC"). An investigator-sponsored

[Table of Contents](#)

Phase I/II dose-escalation study is ongoing to assess the safety and efficacy of this insert for patients with ocular hypertension and glaucoma. Within 90 days following receipt of a final report from the Company demonstrating POC, Pfizer may exercise an option for an exclusive, worldwide license to develop and commercialize the Latanoprost Product in return for a \$20.0 million payment, double-digit sales-based royalties and additional development, regulatory and sales performance milestone payments of up to \$146.5 million. If the Company elects to cease development of the Latanoprost Product prior to completion of Phase II clinical trials, Pfizer would still have the right to exercise an option for an exclusive worldwide license to develop and commercialize the Latanoprost Product upon payment of a lesser option fee and lower levels of sales-based royalties and other designated milestones. If Pfizer does not exercise its option, the Restated Pfizer Agreement would automatically terminate, provided that the Company would retain the right to develop and commercialize the Latanoprost Product on its own or with a partner.

As a result of the material modification, the estimated selling price of the combined deliverables under the agreement of \$6.7 million is being recognized as collaborative research and development revenue over the expected performance period using the proportional performance method. During fiscal 2013, the Company increased its estimate of the cumulative performance period from 4 to 6 years to provide for additional research under the agreement prior to commencement of potential Phase II clinical trials. The Company recorded revenue of \$31,000 for the three months ended September 30, 2013 and \$150,000 for the three months ended September 30, 2012. Total deferred revenue was \$5.6 million at each of September 30, 2013 and June 30, 2013. Costs associated with conducting the R&D program are reflected in operating expenses in the period in which they are incurred.

If any subsequent payments are received from Pfizer, including exercise option, milestone and sales-based royalty consideration, which would occur after completion of the Company's performance period under the Restated Pfizer Agreement, such payments would be recognized as revenue when all the revenue criteria are met.

Pfizer owned approximately 7.0% of the Company's outstanding shares at September 30, 2013.

Bausch & Lomb

Pursuant to a licensing and development agreement, as amended, Bausch & Lomb has a worldwide exclusive license to make and sell the Company's Retisert and Vitrasert products in return for royalties based on sales. Bausch & Lomb discontinued sales of Vitrasert in the second quarter of fiscal 2013.

Royalty income totaled \$425,000 for the three months ended September 30, 2013 and \$384,000 for the three months ended September 30, 2012. Accounts receivable from Bausch & Lomb totaled \$425,000 at September 30, 2013 and \$316,000 at June 30, 2013.

Enigma Therapeutics

The Company entered into an exclusive, worldwide royalty-bearing license agreement in December 2012, amended and restated in March 2013, with Enigma Therapeutics Limited ("Enigma") for the development of BrachySil, a BioSilicon product candidate for the treatment of pancreatic and other types of cancer. The Company received an upfront fee of \$100,000 and is entitled to an 8% sales-based royalty, 20% of sublicense consideration and milestones based on aggregate product sales. Enigma is obligated to pay an annual license maintenance fee of \$100,000 by the end of each calendar year, which is creditable during the ensuing twelve months against reimbursable patent maintenance costs and sales-based royalties. The Company has no consequential performance obligations under the Enigma license agreement and, accordingly, any amounts to which the Company is entitled under the agreement are recognized as revenue when the revenue recognition criteria are met. As of September 30, 2013, no deferred revenue was recorded for this agreement.

3. Intangible Assets

The reconciliation of intangible assets for the three months ended September 30, 2013 and for the year ended June 30, 2013 was as follows (in thousands):

	<u>Three Months Ended September 30, 2013</u>	<u>Year Ended June 30, 2013</u>
Patented technologies		
Gross carrying amount at beginning of period	\$ 38,941	\$ 39,556

Accumulated amortization at end of period	(37,042)	(35,511)
Net book value at end of period	<u>\$ 3,300</u>	<u>\$ 3,430</u>

The Company amortizes its intangible assets with finite lives on a straight-line basis over their respective estimated useful lives. Amortization of intangible assets totaled \$192,000 and \$193,000 for the three month periods ended September 30, 2013 and 2012, respectively. The carrying value of intangible assets at September 30, 2013 of \$3.3 million (approximately \$2.3 million attributable to the Durasert technology and \$1.0 million attributable to the BioSilicon technology) is expected to be amortized on a straight-line basis over the remaining estimated useful life of 4.25 years, or approximately \$775,000 per year.

4. Marketable Securities

The amortized cost, unrealized loss and fair value of the Company's available-for-sale marketable securities at September 30, 2013 and June 30, 2013 were as follows (in thousands):

	<u>September 30, 2013</u>		
	<u>Amortized Cost</u>	<u>Unrealized Loss</u>	<u>Fair Value</u>
Corporate bonds	\$ 1,409	\$ (1)	\$1,408

	<u>June 30, 2013</u>		
	<u>Amortized Cost</u>	<u>Unrealized Loss</u>	<u>Fair Value</u>
Corporate bonds	\$ 2,376	\$ (1)	\$2,375
Commercial paper	999	—	999
Total marketable securities	<u>\$ 3,375</u>	<u>\$ (1)</u>	<u>\$3,374</u>

During the three months ended September 30, 2013, no marketable securities were purchased and \$1.5 million of such securities matured. At September 30, 2013, the marketable securities had maturities ranging between 15 days and 4.0 months, with a weighted average maturity of 2.0 months.

5. Fair Value Measurements

The Company accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Company categorizes each of its fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

- Level 1 – Inputs are quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets and liabilities.

[Table of Contents](#)

- Level 2 – Inputs are directly or indirectly observable in the marketplace, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities with insufficient volume or infrequent transaction (less active markets).
- Level 3 – Inputs are unobservable estimates that are supported by little or no market activity and require the Company to develop its own assumptions about how market participants would price the assets or liabilities.

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash, cash equivalents and marketable securities. At September 30, 2013 and June 30, 2013, substantially all of the Company's interest-bearing cash equivalent balances were concentrated in one institutional money market fund that has investments consisting primarily of certificates of deposit, commercial paper, time deposits, U.S. government agencies, treasury bills and treasury repurchase agreements. Generally, these deposits may be redeemed upon demand and, therefore, bear minimal risk.

The Company's cash equivalents and marketable securities are classified within Level 1 or Level 2 on the basis of valuations using quoted market prices or alternative pricing sources and models utilizing market observable inputs, respectively. Certain of the Company's corporate debt securities were valued based on quoted prices for the specific securities in an active market and were therefore classified as Level 1. The remaining marketable securities have been valued on the basis of valuations provided by third-party pricing services, as derived from such services' pricing models. Inputs to the models may include, but are not limited to, reported trades, executable bid and ask prices, broker/dealer quotations, prices or yields of securities with similar characteristics, benchmark curves or information pertaining to the issuer, as well as industry and economic events. The pricing services may use a matrix approach, which considers information regarding securities with similar characteristics to determine the valuation for a security, and have been classified as Level 2. The following table summarizes the Company's assets carried at fair value measured on a recurring basis at September 30, 2013 and June 30, 2013 by valuation hierarchy (in thousands):

	September 30, 2013

6. Stockholders' Equity

In July 2013, the Company sold 3,494,550 shares of its common stock in an underwritten public offering at a price of \$3.10 per share for gross proceeds of \$10.8 million. Underwriter commissions and other share issue costs approximated \$890,000.

In August 2012, the Company sold 2,494,419 shares of its common stock and warrants to purchase 623,605 shares of its common stock in a registered direct offering to institutional investors for gross proceeds of \$5.4 million. The shares and warrants were sold in units, each unit consisting of one share together with 0.25 of one warrant, at a negotiated price of \$2.15 per unit. Each whole warrant has an exercise price of \$2.50 per share and a five-year term, and became exercisable in February 2013. Placement agent fees and other share issue costs approximated \$700,000.

Incentive Plans

The Company's 2008 Incentive Plan (the "2008 Plan") provides for the issuance of stock options and other stock awards to directors, employees and consultants. At September 30, 2013, up to 5,591,255 shares of common stock could be issued under the 2008 Plan. During the three months ended September 30, 2012, the last remaining 112,500 options outstanding under an earlier incentive plan expired unexercised. The following table provides a reconciliation of stock option activity under the 2008 Plan for the three months ended September 30, 2013:

	<u>Number of Options</u>	<u>Weighted Average Exercise Price</u>	<u>Weighted Average Remaining Contractual Life</u> (in years)	<u>Aggregate Intrinsic Value</u> (in thousands)

Exercisable at September 30, 2013	<u>2,811,866</u>	<u>\$ 2.79</u>	<u>5.83</u>	<u>\$ 4,030</u>

During the three months ended September 30, 2013, options to purchase 428,100 shares were granted with ratable annual vesting over 4 years, a ten-year term and a grant date fair value of \$2.71 per share. A total of 411,256 options vested during this period. In determining the grant date fair value of options, the Company uses the Black-Scholes option pricing model. The Company calculated the Black-Scholes value of options awarded during the three months ended September 30, 2013 based on the following key assumptions:

Option life (in years)	6.25
Stock volatility	94%
Risk-free interest rate	1.70%
Expected dividends	0%

Stock-Based Compensation Expense

The Company's statements of comprehensive loss included total compensation expense from stock-based payment awards for the three months ended September 30, 2013 and 2012, as follows (in thousands):

	<u>Three Months Ended September 30,</u>	
	<u>2013</u>	<u>2012</u>
Compensation expense included in:		
Research and development	\$ 77	\$ 179
General and administrative	140	164
	<u>\$ 217</u>	<u>\$ 343</u>

At September 30, 2013, there was approximately \$1.5 million of unrecognized compensation expense related to unvested options under the 2008 Plan, which is expected to be recognized as expense over a weighted average period of approximately 2.0 years.

7. Income Taxes

The Company recognizes deferred tax assets and liabilities for estimated future tax consequences of events that have been recognized in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement and tax basis of assets and liabilities using the enacted tax rates in effect for the year in which the differences are expected to reverse. A valuation allowance is established if, based on management's review of both positive and negative evidence, it is more likely than not that all or a portion of the deferred tax assets will not be realized. Because of its historical losses from operations, the Company established a valuation allowance for the net deferred tax assets. The Company recorded an income tax benefit of \$30,000 for the three months ended September 30, 2013 and \$33,000 for the three months ended September 30, 2012. These income tax benefits related to earned foreign research and development tax credits.

[Table of Contents](#)

For the three months ended September 30, 2013 and 2012, the Company had no significant unrecognized tax benefits. At September 30, 2013 and June 30, 2013, the Company had no accrued penalties or interest related to uncertain tax positions.

8. Contingencies

At September 30, 2013, the Company was subject to various routine legal proceedings and claims incidental to its business, which management believes will not have a material effect on the Company's financial position, results of operations or cash flows.

9. Loss Per Share

Basic net loss per share was computed by dividing the net loss by the weighted average number of common shares outstanding during the period. Diluted net loss per share was computed by dividing the net loss by the sum of (i) the weighted average number of common shares outstanding and (ii) the weighted average number of common shares that would be issued on the exercise of all dilutive securities outstanding. Potentially dilutive shares were not included in the calculation of diluted net loss per share for each of the three months ended September 30, 2013 and 2012 as their inclusion would be anti-dilutive.

Potentially dilutive shares at September 30, 2013 and 2012 were as follows:

	September 30,	
	2013	2012
Options	3,959,699	3,361,115
Warrants	1,176,105	1,176,105
	<u>5,135,804</u>	<u>4,537,220</u>

10. Subsequent Event

On November 1, 2013, the Company executed a lease for approximately 13,650 square feet of combined office and laboratory space in Watertown, Massachusetts, with an expected commencement date of March 1, 2014, to replace the Company's existing lease that expires on April 5, 2014. The Company has provided a cash-collateralized \$150,000 irrevocable standby letter of credit for benefit of the landlord as security for its obligations under the lease. The initial lease term is for five years, with a five year renewal option at market rates.

Minimum lease payments during the initial lease term are as follows (in thousands):

<u>Fiscal Year:</u>	
2014	\$ 94
2015	379
2016	392
2017	406
2018	420
Thereafter	<u>322</u>
	<u>\$2,013</u>

In addition, the Company is obligated to pay its proportionate share of building operating expenses and real estate taxes in excess of base year amounts.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Note Regarding Forward-Looking Statements

Various statements made in this Quarterly Report on Form 10-Q are forward-looking and involve risks and uncertainties. All statements that address activities, events or developments that we intend, expect or believe may occur in the future are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (“Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (“Exchange Act”). Such statements give our current expectations or forecasts of future events; they do not relate strictly to historical or current facts. All statements other than statements of current or historical facts are forward-looking statements, including, without limitation, any expectations of revenues, expenses, cash flows, earnings or losses from operations, capital or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning product research, development and commercialization timelines; any statements of expectations or belief; and any statements of assumptions underlying any of the foregoing. We often, although not always, identify forward-looking statements by using words or phrases such as “likely”, “expect”, “intend”, “anticipate”, “believe”, “estimate”, “plan”, “project”, “forecast” and “outlook”.

The following are some of the factors that could cause actual results to differ materially from the anticipated results or other expectations expressed, anticipated or implied in our forward-looking statements: uncertainties with respect to: Alimera’s ability to finance, achieve additional marketing approvals, obtain adequate pricing and reimbursement for, successfully commercialize and achieve market acceptance of, and generate revenues to pSivida from, ILUVIEN for DME in the EU; Alimera’s ability to obtain regulatory approval for, and if approved, to finance, successfully commercialize and achieve market acceptance of, and generate revenues to pSivida from, ILUVIEN for DME in the U.S.; the ability to finance, complete and achieve a successful outcome for Phase III trials for, and file and achieve marketing approvals for, Medidur for posterior uveitis, including achieving acceptable risk-to-benefit and safety profiles in light of the CRL for ILUVIEN; initiation, financing and success of Latanoprost Product Phase II trials and any exercise by Pfizer of its option; ability of Tethadur to successfully deliver proteins, peptides and other large biologic molecules; ability to develop product candidates and products and potential related collaborations; initiation and completion of clinical trials and obtaining regulatory approval of product candidates; continued sales of Retisert; adverse side effects; ability to attain profitability; ability to obtain additional capital; further impairment of intangible assets; fluctuations in operating results; decline in royalty income; ability to, and to find partners to, develop and market products; termination of license agreements; competition and other developments affecting sales of products; market acceptance; protection of intellectual property and avoiding intellectual property infringement; retention of key personnel; product liability; consolidation in the pharmaceutical and biotechnology industries; compliance with environmental laws; manufacturing risks; risks and costs of international business operations; credit and financial market conditions; legislative or regulatory changes; volatility of stock price; possible dilution; absence of dividends; and other factors described in our filings with the SEC. You should read and interpret any forward-looking statements together with these risks. Should known or unknown risks materialize, or should underlying assumptions prove inaccurate, actual results could differ materially from past results and those anticipated, estimated or projected in the forward-looking statements. You should bear this in mind as you consider any forward-looking statements.

Our forward-looking statements speak only as of the date on which they are made. We do not undertake any obligation to publicly update or revise our forward-looking statements even if experience or future changes makes it clear that any projected results expressed or implied in such statements will not be realized.

Our Business

We develop tiny, sustained-release products designed to deliver drugs and biologics at a controlled and steady rate for weeks, months or years. Using our core technology platforms, Durasert and BioSilicon, we are focused on treatment of chronic diseases of the back of the eye and are also exploring applications outside ophthalmology. We have developed three of the four sustained-release products for treatment of retinal diseases currently approved in the U.S. or EU, and our lead product candidate began a Phase III clinical trial in the quarter ended June 2013. Our strategy includes developing products independently while continuing to leverage our technology platforms through collaborations and license agreements.

ILUVIEN, our most recently approved product, is an injectable, sustained-release micro-insert that provides treatment over a period of up to three years of vision impairment associated with chronic DME considered insufficiently responsive to available therapies. ILUVIEN is licensed to and sold by Alimera, and we are entitled to

[Table of Contents](#)

a share of the net profits less certain net losses (as defined) from Alimera's sales of ILUVIEN for DME. Alimera commenced the commercial launch of ILUVIEN for DME in the U.K. and Germany in the second quarter of 2013 and expects to launch in France in 2014. ILUVIEN has also received marketing authorization in Austria, Portugal and Spain, and has been recommended for marketing authorization in Italy. Alimera reported that it has filed with the Medicines and Healthcare products Regulatory Agency ("MHRA") in the U.K., as the Reference Member State, for ten additional EU country approvals through the Mutual Recognition Procedure.

In October 2013, Alimera received its third CRL from the FDA, which followed resubmission of its NDA for ILUVIEN for DME. Identifying concerns regarding the benefit-to-risk and safety profiles of ILUVIEN, the FDA stated that the NDA could not be approved in its present form. To address the clinical and statistical deficiencies identified in the CRL, the FDA indicated that results from a new clinical trial would need to be submitted, together with at least 12 months of follow-up for all enrolled patients. The FDA suggested that a meeting with the Dermatologic and Ophthalmic Drugs Advisory Committee may be of assistance in addressing the deficiencies identified and providing advice whether a patient population can be identified in which the benefits of the drug product might outweigh the risks. Alimera was notified by the FDA that an Advisory Committee meeting would be convened on January 27, 2014. In the CRL, the FDA also referenced deficiencies in the methods and controls at the facility where ILUVIEN is manufactured. Alimera and its third-party manufacturer are in the process of resolving these deficiencies.

Medidur, our lead development product, commenced the first of two planned pivotal Phase III clinical trials for the treatment of posterior uveitis in June 2013. Medidur uses the same Durasert micro-insert used in ILUVIEN and delivers a lower dose of the same drug as our FDA-approved Retisert for posterior uveitis. We are developing Medidur independently.

We are also developing the Latanoprost Product to treat glaucoma and ocular hypertension. Under an amended collaboration agreement, Pfizer has an option, under certain circumstances, to license the development and commercialization of the Latanoprost Product worldwide.

The Company is engaged in pre-clinical research with respect to both its BioSilicon and Durasert technology platforms. The primary focus of the BioSilicon technology research is the use of Tethadur for the sustained delivery of peptides, proteins, antibodies and other large biologic molecules in both ophthalmic and non-ophthalmic applications. The Company's research program also includes the use of Durasert technology in orthopedic applications and for systemic delivery of therapeutic agents.

Our FDA-approved product Retisert provides sustained release treatment of posterior uveitis for approximately two and a half years and is licensed to and sold by Bausch & Lomb.

Durasert™, Medidur™, BioSilicon™ and Tethadur™ are our trademarks, Retisert® is Bausch & Lomb's trademark, and ILUVIEN® and FAME™ are Alimera's trademarks.

Information in the Form 10-Q with respect to ILUVIEN, including its regulatory and marketing status, reflects information reported by Alimera.

Critical Accounting Policies and Estimates

The preparation of consolidated financial statements in conformity with GAAP requires that we make certain estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. We base our estimates, judgments and assumptions on historical experience, anticipated results and trends, and on various other factors that we believe are reasonable under the circumstances at the time. By their nature, these estimates, judgments and assumptions are subject to an inherent degree of uncertainty. Actual results may differ from our estimates under different assumptions or conditions. In our Annual Report on Form 10-K for the year ended June 30, 2013 ("fiscal year 2013"), we set forth our critical accounting policies and estimates, which included revenue recognition and valuation of our intangible assets. There have been no material changes to our critical accounting policies from the information provided in our Annual Report on Form 10-K for fiscal year 2013, with the exception of the following:

Recognition of Expense in Outsourced Clinical Trial Agreements

We recognize research and development expense with respect to outsourced agreements for clinical trials as the services are provided based on our assessment of the services performed. We have an agreement with a contract research organization ("CRO") to conduct the first of two planned Phase III clinical trials of Medidur for posterior

[Table of Contents](#)

uveitis. We were contractually obligated for up to \$10.4 million for services under this agreement as of September 30, 2013. The timing of actual amounts owed under the agreement will depend on various factors, including patient enrollment and other progress of the clinical trial. Differences between the amounts paid and our estimate of the work completed are recorded as a prepaid asset or accrued liability. We make our assessments of the services performed based on various factors, including evaluation by the third-party CRO and our own internal review of the work performed during the period, measurements of progress by us or by the third-party provider, data analysis with respect to work completed and our management's judgment. During the quarter ended September 30, 2013, we recognized approximately \$1.2 million of research and development expense attributable to the Medidur for posterior uveitis clinical trial. Changes in our estimates or differences between the actual level of services performed and our estimates may result in changes to our research and development expenses in future periods.

Results of Operations

Three Months Ended September 30, 2013 Compared to Three Months Ended September 30, 2012:

Net loss	<u>\$ (3,687)</u>	<u>\$ (2,551)</u>	<u>\$ (1,136)</u>	<u>(45)%</u>

Revenues

Revenues increased by \$44,000, or 8%, to \$597,000 for the three months ended September 30, 2013 from \$553,000 for the three months ended September 30, 2012, predominantly related to increased Retisert royalty income from Bausch & Lomb.

ILUVIEN for DME is now available in the U.K. and Germany, and Alimera expects to launch ILUVIEN for DME in France in 2014. Under the Alimera Agreement, we will be entitled to 20% of net profits less certain net losses (as defined), on a country-by-country basis from sales by Alimera of ILUVIEN for DME. We do not know when and if Alimera will achieve net profits payable to us in each EU country where Alimera is commercializing or plans to commercialize ILUVIEN.

Research and Development

Research and development increased by \$981,000, or 64%, to \$2.5 million for the three months ended September 30, 2013 from \$1.5 million for the three months ended September 30, 2012. This increase was primarily attributable to approximately \$1.2 million of outsourced contract research organization costs incurred for the first of two planned Phase III clinical trials of Medidur for posterior uveitis, which commenced in the quarter ended June 30, 2013, partially offset by lower personnel and stock-based compensation costs. We expect to continue to incur significant research and development expense during the remainder of fiscal year 2014 with respect to the Medidur Phase III clinical trial.

[Table of Contents](#)

General and Administrative

General and administrative increased by \$191,000, or 12%, to \$1.8 million for the three months ended September 30, 2013 from \$1.6 million for the three months ended September 30, 2012, primarily attributable to increased professional fees.

Income Tax Benefit

Income tax benefit was \$30,000 for the three months ended September 30, 2013 compared to \$33,000 for the quarter a year earlier, and consisted of refundable foreign research and development tax credits.

Liquidity and Capital Resources

During the past three fiscal years, we financed our operations primarily from sales of equity securities in January 2011 and August 2012, as well as operating cash flows from license fees, research and development funding and royalty income from our collaboration partners. We enhanced our capital resources in July 2013, raising \$9.9 million through an underwritten public offering of common stock. At September 30, 2013, our principal sources of liquidity consisted of cash, cash equivalents and marketable securities totaling \$16.5 million.

With the exception of net income in fiscal year 2010 resulting from a non-recurring event, we have incurred operating losses each year since inception and at September 30, 2013, we had a total accumulated deficit of \$267.3 million. We do not currently have any assured sources of revenue, and we generally expect negative cash flows from operations on a quarterly basis unless and until such time as we receive sufficient revenues from ILUVIEN for DME or one or more of our other product candidates achieve regulatory approval and provide us sufficient revenues. We believe that our capital resources of \$16.5 million at September 30, 2013, together with expected Retisert royalty income and other expected cash inflows under existing collaboration and evaluation agreements, should enable us to fund our operations as currently planned through calendar year 2014. This includes expected costs through that date of Phase III clinical trials of Medidur for posterior uveitis, but does not include any potential receipts of milestone or net profits consideration under the Alimera collaboration agreement. Our capital resources would be enhanced if Alimera successfully commercializes ILUVIEN for DME in the EU, although even so, the amount and timing of any such receipts is uncertain. Accordingly, we expect to need additional resources to fund our planned Phase III trials for Medidur for posterior uveitis, as well as other research and development and operations. Whether we will require, or desire, to raise additional capital will be influenced by many factors, including, but not limited to:

- whether, when and to what extent we receive revenues from Alimera with respect to ILUVIEN for DME, including from commercialization in the EU or upon any approval or commercialization in the U.S.;
- the timing and cost of development of Medidur for posterior uveitis;
- whether and when we initiate Phase II clinical trials for the Latanoprost Product and Pfizer exercises its option;
- whether and to what extent we internally fund, when we initiate, and how we conduct product development and programs, including with respect to BioSilicon and Tethadur applications;
- whether and when we are able to enter into strategic arrangements for our product candidates and the nature of those arrangements;
- timely and successful development, regulatory approval and commercialization of our products and product candidates;
- the costs involved in preparing, filing, prosecuting, maintaining, defending and enforcing any patent claims; and
- changes in our operating plan resulting in increases or decreases in our need for capital.

Absent adequate levels of funding from existing and potential future collaboration or other agreements and/or financing transactions, management currently believes that our cash position beyond calendar year 2014 depends significantly on possible revenues from the successful commercialization by Alimera of ILUVIEN for DME. However, there is no assurance that ILUVIEN for DME will achieve market acceptance in any country in the EU, that it will be approved by the FDA or that we will receive significant, if any, revenues from ILUVIEN for DME. Exercise by Pfizer of its option for the Latanoprost Product would also enhance our cash position, although there is no assurance when the option will become exercisable or if Pfizer will exercise it.

[Table of Contents](#)

If we determine that it is desirable or necessary to raise additional capital in the future, we do not know if it will be available when needed or on terms favorable to us or our stockholders. The state of the economy and the financial and credit markets at the time we seek additional financing may make it more difficult and more expensive to obtain. If available, additional equity financing may be dilutive to stockholders, debt financing may involve restrictive covenants or other unfavorable terms and potential dilutive equity, and funding through collaboration agreements may be on unfavorable terms, including requiring us to relinquish rights to certain of our technologies or products. If adequate financing is not available if and when needed, we may be required to delay, reduce the scope of or eliminate research or development programs, postpone or cancel the pursuit of product candidates, including pre-clinical and clinical trials and new business opportunities, reduce staff and operating costs or otherwise significantly curtail our operations to reduce our cash requirements and extend our capital.

Our consolidated statements of historical cash flows are summarized as follows (in thousands):

	Three Months Ended September 30,		Change
	2013	2012	
Net loss:	\$(3,687)	\$(2,551)	\$(1,136)
Changes in operating assets and liabilities	(555)	295	(850)
Other adjustments to reconcile net loss to cash flows from operating activities	465	635	(170)
Net cash used in operating activities	<u>\$(3,777)</u>	<u>\$(1,621)</u>	<u>\$(2,156)</u>
Net cash provided by investing activities	<u>\$ 1,442</u>	<u>\$ 647</u>	<u>\$ 795</u>
Net cash provided by financing activities	<u>\$ 9,981</u>	<u>\$ 4,735</u>	<u>\$ 5,246</u>

Net cash used in operating activities increased by \$2.2 million on a comparative basis, represented by a \$360,000 decrease of collaborative research and development and royalty cash inflows and a \$1.9 million increase in operating cash outflows. Higher operating cash outflows consisted primarily of (i) approximately \$1.1 million of incentive compensation awards, reflecting awards in fiscal 2013 for both fiscal 2013 and fiscal 2012 as a result of performance conditions achieved during fiscal 2013; and (ii) approximately \$610,000 of CRO payments.

Net cash provided by investing activities consisted principally of \$1.5 million of maturities of marketable securities during the three months ended September 30, 2013 compared to \$651,000 of maturities, net of purchases, of marketable securities during the three months ended September 30, 2012.

We had no borrowings or line of credit facilities as of September 30, 2013.

Off-Balance Sheet Arrangements

We had no off-balance sheet arrangements as of September 30, 2013 that have, or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that would be material to investors.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Foreign Currency Exchange Rates

We conduct operations in two principal currencies, the U.S. dollar and the Pound Sterling (£). The U.S. dollar is the functional currency for our U.S. operations, and the Pound Sterling is the functional currency for our U.K. operations. Changes in the foreign exchange rate of the U.S. dollar and Pound Sterling impact the net operating expenses of our U.K. operations. The strengthening of the U.S. dollar during the three months ended September 30, 2013 compared to the prior year's quarter resulted in a net decrease in research and development expenses of approximately \$10,000. For every incremental 5% strengthening or weakening of the weighted average exchange rate of the U.S. dollar in relation to the Pound Sterling, our research and development expense for the three months ended September 30, 2013 would have decreased or increased by \$27,000, respectively. All cash and cash

[Table of Contents](#)

equivalents, and most other asset and liability balances, are denominated in each entity's functional currency and, accordingly, we do not consider our statement of comprehensive loss exposure to realized and unrealized foreign currency gains and losses to be significant.

Changes in the foreign exchange rate of the Pound Sterling to the U.S. dollar also impacted total stockholders' equity. As reported in the statement of comprehensive loss, the relative weakening of the U.S. dollar in relation to the Pound Sterling at September 30, 2013 compared to June 30, 2013 resulted in \$65,000 of other comprehensive income for the three months ended September 30, 2013 due to the translation of £746,000 of net assets of our U.K. operations, predominantly the BioSilicon technology intangible asset, into U.S. dollars. For every incremental 5% strengthening or weakening of the U.S. dollar at September 30, 2013 in relation to the Pound Sterling, our stockholders' equity at September 30, 2013 would have decreased or increased, respectively, by approximately \$60,000.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our principal executive officer and principal financial officer, evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2013. The term "disclosure controls and procedures", as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure, particularly during the period in which this Quarterly Report on Form 10-Q was being prepared. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their desired objectives, and our management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of September 30, 2013, our principal executive officer and principal financial officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

During the period covered by this report, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION

ARTICLE I—DEMISING CLAUSE AND DEFINED TERMS

1.1 Demising Clause.

This lease (the "Lease") is made and entered into by and between the Landlord and the Tenant, as defined below, as of the date of this Lease ("Effective Date"). In consideration of the mutual covenants made herein, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the Premises as defined below, on all of the terms and conditions set forth herein.

1.2 Defined Terms.

The terms listed below shall have the following meanings throughout this Lease:

- (a) "LANDLORD": Farley White Aetna Mills, LLC, a Massachusetts limited liability company
- (b) "LANDLORD'S ADDRESS": c/o Farley White Management Company, 155 Federal Street, 18th Floor, Boston, MA 02110
- (c) "TENANT": pSivida Corp., a Delaware corporation.
- (d) "TENANT'S ADDRESS": Prior to the Commencement Date: 400 Pleasant Street, Watertown, MA 02472. After the Commencement Date: 480 Pleasant Street, Suite B300, Watertown, MA 02472.
- (e) "BUILDING": Approximately 195,423 square foot building located on the Property at 480 Pleasant Street, Watertown, Massachusetts.
- (f) "PROPERTY": The Building and the legal parcels on which it is situated having the address of 480 Pleasant Street, 452 Pleasant Street, 5 Bridge Street, 525 Pleasant Street, 541 Pleasant Street and 76 Stanley Avenue, Watertown, Massachusetts.
- (g) "PREMISES": The portion of the Third (3rd) Floor of the Building known as Suite B300 and as shown on Exhibit A.
- (h) "RENTABLE SQUARE FEET IN THE PREMISES": Approximately 13,650 Rentable Square Feet (RSF).
- (i) "TENANT'S PERCENTAGE": 6.99% which is based on the 13,650 Rentable Square Feet (RSF) the Premises over the total RSF of the Building and shall be adjusted if the RSF of the Building shall increase or decrease. In no event shall Tenant's Percentage be adjusted in the event of a re-measurement of the Building.
- (j) "SCHEDULED COMMENCEMENT DATE": March 1, 2014
- (k) "TERM": The period beginning on the Commencement Date (as defined in Section 2.2(a) of the Lease) and ending on the last day of the sixty-first (61st) full calendar month after the Commencement Date.
- (l) "BASE RENT":

(m) "LEASE YEAR": As used in this Lease, "Lease Year" shall mean twelve (12) one month periods with the first such Lease Year beginning on the Commencement Date, unless the Commencement Date is on a day other than the first Day of a calendar month, in which event the first Lease Year shall commence on the first day of the first calendar month after the Commencement Date, and, thereafter, on each anniversary of the first day of the first Lease Year throughout the term of this Lease and any renewals or extensions.

(n) "OPERATING EXPENSE BASE": The actual Operating Expenses allocable to the Premises during calendar year 2014.

(o) "REAL ESTATE TAX BASE": The actual Taxes allocable to the Premises during tax fiscal year 2014.

(p) "PERMITTED USES": General office and research and development laboratories purposes and uses ancillary and incidental thereto.

(q) "BROKER(S)": Cassidy Turley and Jones Lang LaSalle

(r) "SECURITY DEPOSIT": \$150,000.00 Letter of Credit due upon Lease signing, in accordance with and subject to the terms and conditions of Section 10.19 hereof.

ARTICLE II—PREMISES AND TERM

2.1 The Premises, Common Areas and Parking.

(a) Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the Premises. The Premises leased hereby are comprised of the space shown on Exhibit A. The Premises extend from the top surface of the subfloor to the bottom surface of the ceiling, but do not include exterior faces of exterior walls and exterior window glass, anything beyond the interior face of demising walls, and pipes, ducts, conduits, wires and fixtures serving other parts of the Building; provided, however, that Tenant shall have the right to use the space, if any, between the top surface of the ceiling and the bottom surface of the floor slab of the floor above such ceiling, and to drill into the floor slab of any floor encompassed within the Premises, all for the purpose of installing ducts, cables and conduits, so long as (i) Tenant obtains the prior written consent of Landlord (which consent shall not be unreasonably withheld or delayed); and (ii) such installation does not interfere with the Building systems and with the quiet enjoyment of other tenants in the Building.

(b) Tenant shall have the right to use the Common Areas in common with other tenants. The Common Areas include the Building's common lobbies, corridors, stairways, and elevators necessary for access to the Premises, and the common walkways and driveways necessary for access to the Building, the fitness center, the cafeteria, the common toilets, corridors and elevator lobbies of any multi-tenant floor, and the parking area for the Building. All use of the Common Areas shall be subject to the reasonable rules and regulations of Landlord generally applicable to all tenants of the Building from time to time of which Tenant has written notice.

(c) The parking areas serving the Building are located on the south and north side of Pleasant Street. Tenant shall have the right to use, free of charge, forty-eight (48) surface parking spaces on an unreserved, first-come-first-served, non-exclusive basis, of which eight (8) spaces shall be allocated to the lower lot located on the south side of Pleasant Street ("Lower Lot") and forty (40) spaces allocated to the upper lot located on the north side of Pleasant Street ("Upper Lot"). Tenant acknowledges that the parking spaces shall be used solely for Tenant's employees and visitors. The Lower Lot will be operated pursuant to a sticker program. Tenant may elect to have the stickers transferred to rotating employees or visitors to the Building. Landlord reserves the right from time to time to implement alternative parking access programs, including, without limitation, an access card system, to operate the Lower Lot and Upper Lot and to impose reasonable, non-discriminatory rules and regulations from time

to time to govern the operation of all of the parking on the Property. It is understood that Landlord shall not be responsible for policing any parking areas. Tenant shall reasonably cooperate with Landlord to assure that Tenant and its employees and visitors observe all reasonable parking regulations established by Landlord from time to time of which Tenant has written notice and to assure that Tenant and its employees and visitors do not use more parking spaces than the number of parking spaces provided to Tenant hereunder. Landlord shall not be liable to Tenant, and this Lease shall not be affected, if any parking rights of Tenant hereunder are impaired by any law, ordinance or other governmental regulation imposed after the Effective Date.

(d) Landlord reserves the right, at any time and from time to time: (i) to change the name and street address of the Building; (ii) to grant, modify and terminate easements and other encumbrances, (iii) to make such changes, alterations, additions, improvements, repairs or replacements in or to the Property (including the Premises but, with respect to the Premises, only for purposes of repairs, maintenance, replacements and other rights expressly reserved to Landlord herein) and the fixtures and equipment therein, as well as in or to the street entrances and/or the Common Areas; (iv) to designate and change from time to time areas of the Property and facilities so to be used, as it may reasonably deem necessary or desirable, provided, however, in each case, that there be no material obstruction of access to or egress from, or material interference with the Tenant's use or enjoyment of the Premises. Landlord may at any time or from time to time construct additional improvements in all or any part of the Property, including, without limitation, adding additional buildings or changing the location or arrangement of any improvement in or on the Property or all or any part of the Common Areas, or add or deduct any land to or from the Property, including without limitation Lot C as shown on the plan entitled "Overall Layout Plan," prepared by DeVellis Zrein Inc., dated June 16, 2011, last revised August 25, 2011; provided that there shall be no increase in Tenant's obligations or material interference with Tenant's rights under this Lease and that the exercise of such rights does not interfere with Tenant's use and enjoyment of the Premises.

2.2 Term.

(a) Both parties shall be bound by all the terms of this Lease as of the Effective Date. The Term shall begin on the Commencement Date, and shall continue for the length of the Term set forth in Section 1.2 unless sooner terminated as hereinafter provided. The Commencement Date shall be the later of: 1) the Scheduled Commencement Date; or, 2) the date the Premises are Ready for Occupancy. However, if the Tenant occupies any portion of the Premises and begins conducting its business operations therefrom, the Commencement Date shall be immediate upon such occupancy. The Premises shall be Ready for Occupancy when Landlord achieves Substantial Completion of the construction of the Leasehold Improvements in accordance with the final plans and specifications pursuant to Section 4.1. Substantial Completion shall mean that the Tenant Improvement Work has been completed in accordance with Exhibit B, in accordance with the final plans and specifications approved by both Landlord and Tenant so that a certificate of occupancy can be issued, subject to minor items of repair, correction, adjustment or completion set forth in a so-called "punch list" signed by Landlord and Tenant, the incompleteness of which do not and the subsequent completion of which will not, adversely affect or interfere with Tenant's use of the Premises. Landlord will complete the punch list items within thirty (30) days after the Commencement Date.

(b) Landlord shall use reasonable efforts to have the Premises Ready for Occupancy on the Scheduled Commencement Date. As used in this Lease, Ready for Occupancy shall mean on the Commencement Date, Landlord shall deliver to Tenant the Premises with all base building mechanical, electrical, life safety and plumbing systems in good operating condition and repair, free and clear of all tenants and occupants and otherwise in the condition required by this Lease. Landlord shall use good faith, commercially reasonable efforts to obtain possession of the Premises for Tenant's occupancy. If the Premises are not Ready for Occupancy on the Scheduled Commencement Date, Landlord shall not be subject to any liability for such failure, and such failure shall not affect the validity of this Lease, but Tenant shall not be liable for any rent until the Commencement Date. However, if the Premises are not Ready for Occupancy because Tenant has failed to comply with Tenant's obligations under Section 4.1 or under any work letter or construction agreement between the parties, or has otherwise delayed Landlord in preparing the Premises or in obtaining a certificate of occupancy for the Premises, then the Commencement Date shall be the date that the Premises would have been Ready for Occupancy except for such Tenant-caused delay, as reasonably determined by Landlord.

(c) If the Premises are not Ready for Occupancy on or before May 1, 2014, Tenant shall receive a rent credit equal to the per diem rent multiplied by the number of days after May 1, 2014 until the date on which the Premises are Ready for Occupancy, except that the May 1, 2014 date shall be extended by the aggregate number of days of delays caused by force majeure and Tenant-caused delay. If the Premises are not Ready for Occupancy on or before July 15, 2014 and such failure is not due to force majeure or Tenant-caused delay, Tenant may elect to terminate this Lease upon written notice to Landlord on or before July 18, 2014.

(d) Within fifteen (15) days of the date the Commencement Date has been established, Landlord and Tenant shall confirm the Commencement Date by mutually executing a certificate of commencement in a form to be prepared by Landlord.

ARTICLE III—RENT

3.1 Base Rent.

(a) Tenant shall pay the Base Rent each month in advance on the first day of each calendar month during the Term. For any partial month at the beginning or end of the Term, Tenant shall pay a proportional share of the amount that would be due for a full month, and with respect to a partial month at the beginning of the Term, Tenant shall pay such proportional share on the Commencement Date. In addition to the Base Rent, Tenant shall pay all additional rent and rental adjustments provided herein at the times set forth herein, or if no time for payment is specified, then payment shall be made within thirty (30) days after Tenant's receipt of an invoice from Landlord or another billing authority. All payments shall be made to Landlord at Landlord's Address or such other place as Landlord may designate in writing, without prior demand and without abatement, deduction or offset except as may be specifically set forth herein. Tenant shall not pay, and Landlord shall not accept, any rental payment more than one month in advance. All charges to be paid by Tenant hereunder, other than Base Rent, shall be considered additional rent for the purpose of this Lease, and the words "rent" or "Rent" as used in this Lease shall mean both Base Rent and such additional rent unless the context specifically or clearly indicates that only the Base Rent is referenced.

3.2 Adjustment for Operating Expenses and Taxes.

(a) Tenant shall pay, as additional rent, Tenant's Share of Operating Expenses and Taxes for the Property. For each calendar year, Tenant's Share of Operating Expenses shall consist of the sum of (x) the excess of total Operating Expenses for the Property for that calendar year over the Operating Expense Base multiplied by the Tenant's Percentage and (y) a commercially reasonable charge for the provision of services to operate the Building during periods other than 8:00 am. to 5:00 pm. on weekdays and 9:00 a.m. to 1:00 p.m. on Saturdays and to operate the Building on holidays (which are all days on which commercial banks in Boston, Massachusetts are authorized or required by law to close) (such periods being referred to herein as "Non-Business Hours") that are fairly allocable to the Premises, if such services are requested by Tenant or are necessary, in Landlord's reasonable judgment, for Tenant's operations during Non-Business Hours. For each fiscal year, Tenant's Share of Taxes shall consist of the excess of total Taxes for the Property for that fiscal year over the Real Estate Tax Base multiplied by the Tenant's Percentage. For any partial calendar year or fiscal year at the beginning or end of the Term, Tenant's Share of Operating Expenses and Taxes shall be adjusted proportionately for the part of the calendar year or fiscal year falling within the Term. Tenant's Percentage may be reduced if the Property is changed or reconfigured (but not in the event the Building is re-measured), but shall in all cases not exceed the percentage that the Rentable Square Feet in the Premises bears to the total rentable square footage in the Property, calculated on a consistent basis. In addition, Tenant shall pay, as additional rent, one hundred percent (100%) of any increase in Taxes not otherwise billed to Tenant which may result from any alteration, addition or improvement to the Premises that is made by or on behalf of Tenant other than the Leasehold Improvements, but only as and to the extent it is reasonably determinable from the records of the assessing authority that such increase in Taxes are based solely upon such alteration, addition or improvement. Landlord, at its discretion, may also assess Tenant for any extraordinary item of cost or expense which may actually occur as a direct result of Tenant's own distinct uses or activities which shall be itemized, invoiced separately, and paid by Tenant within thirty (30) days of its receipt of the invoice

(b) Before each calendar and fiscal year, Landlord shall give Tenant a reasonable estimate of the expected Operating Expenses and Taxes for the Property, and Tenant's Share thereof, for the coming calendar year and fiscal year, respectively (excluding Landlord's cost for services provided during Non-Business Hours), and a calculation of the estimated amount of Tenant's Share of Expenses. Tenant shall pay one-twelfth of the estimated

amount of Tenant's Share of Operating Expenses and Taxes with each monthly payment of Base Rent. Within one-hundred twenty (120) days after the end of each calendar and fiscal year, Landlord shall give Tenant a statement (the "Statement") showing the actual Operating Expenses and Taxes for that calendar year and fiscal year, respectively, a calculation of the actual amount of Tenant's Share of Operating Expenses and Taxes, and a summary of amounts already paid by Tenant pursuant to this Section 3.2. Such Statement shall be in line-item detail, consistently applied throughout the Term in accordance with generally accepted accounting principles consistently applied. Any underpayment by Tenant shall be made up by cash payment to Landlord within thirty (30) days after delivery of the Statement; any overpayment shall be paid to Tenant within thirty (30) days after delivery of the Statement or, at Landlord's option, shall be credited against the next due Base Rent, provided that any overpayment shall be paid in cash to Tenant within thirty (30) days if the Term has ended. No delay by Landlord in providing any Statement shall be deemed a waiver of Tenant's obligation to pay Tenant's Share of Operating Expenses and Taxes.

(c) The following terms used in this Section 3.2(c) shall have the following meanings for purposes of this Lease:

(i) The term "fiscal year" with respect to Taxes means any twelve-month period commencing on July 1st and expiring on June 30th during the term.

(ii) The term "Operating Expenses" means the total necessary out-of-pocket cost of operation of the Property that under generally accepted accounting principles consistently applied would be considered normal maintenance, management and operating expenses, including, without limitation: (i) all costs of supplies, materials, equipment, and utilities used in or related to the operation, maintenance, and repair of the Property or any part thereof (other than the cost of any electricity which is to be paid for separately by Tenant pursuant to Section 3.3); (ii) all labor costs, including without limitation, salaries, wages, payroll and other taxes, unemployment insurance costs and employee benefits in connection with the on-site management, operation and maintenance of the Property or any part thereof; (iii) all maintenance, management, janitorial, legal (excluding those legal costs arising out of defaults of Landlord or other tenants in the Building), accounting, insurance, and service agreement costs related to the Property or any part thereof, including, without limitation, service contracts with independent contractors; and (iv) costs (including financing charges) of improvements to the Property that are designed to increase safety or reduce Operating Expenses or are required to comply with legal requirements imposed after the Commencement Date of the Lease, all such improvements to be amortized on a straight line basis with level payments of principal and interest (at an annual interest rate equal to 2% over the prime rate published as such in the *Wall Street Journal*) over the reasonable life of such improvements as determined in accordance with generally accepted accounting principles. Any of the above services may be performed by Landlord or its affiliates, provided that fees for the performance of such services shall be reasonable and competitive with fees charged by unaffiliated entities for the performance of such services in comparable buildings in the area. All Operating Expenses shall be adjusted based on the Calculation (as defined below).

"Operating Expenses" shall not include:

(a) Any ground rent;

(b) Bad debt expenses and interest, principal, points and fees on debts or amortization on any mortgage or other debt instrument encumbering the Property;

(c) Costs incurred by Landlord to the extent that Landlord is reimbursed by insurance proceeds, taking awards, or is otherwise reimbursed by third-parties;

(d) Depreciation, amortization, interest payments or capital expenditures except as expressly set forth herein;

(e) Marketing costs, including lease commission, attorneys' fees (in connection with the negotiation and preparation of letters of intent, leases, subleases and/or assignments), space planning costs, and other costs and expenses incurred in connection with lease, sublease and/or assignment negotiations and transactions with present or prospective tenants or other occupants of the Property, and costs incurred with respect to the installation of tenant improvements;

(f) Expenses in connection with the enforcement of Landlord's rights against Tenant or other tenants and occupants of the Property;

(g) Expenses in connection with services or other benefits that are not offered to Tenant or for which Tenant is charged for directly;

(h) Salaries of executives and other personnel above the grade of building, property or asset manager;

(i) Amounts paid to affiliates or subsidiaries of Landlord for goods or services at the Property, to the extent the same exceeds the costs of such goods and/or services rendered by unaffiliated third parties on a competitive basis;

(j) wages, salaries and benefits paid to any persons not directly involved with the management of the Building or the oversight thereof;

(k) costs in the nature of penalties or fines;

(l) the costs of installing, operating and maintaining a specialty improvement, including lodging or a private dining facility, or an athletic (other than maintenance and operation of the Building fitness or health center), luncheon or recreational club unless Tenant is permitted to make use of such facility without additional cost or on a subsidized basis consistent with other users, in which event only costs to the extent greater than net revenues received by Landlord from such facility shall be included;

(m) costs incurred in connection with the survey, testing, removal, encapsulation, remediation or other treatment of asbestos or any other Hazardous Materials at the Building or elsewhere;

(n) costs directly resulting from the willful misconduct of Landlord or its agents, contractor or employees;

(o) costs of repairs incurred by reason of fire (other than for any reasonable deductible) or other casualty or condemnation; and

(p) increased insurance premiums caused by Landlord or any other tenant bringing any Hazardous Materials (other than normal office and building operation materials) to the Building.

(iii) The term "Calculation" means that if the Building is less than 95% occupied in any calendar year during the Term (including, without limitation, the Base Expense years), Operating Expenses shall be calculated as though the Building had been 95% occupied, and the result shall constitute the Operating Expenses for all purposes hereunder. In addition, if during all or part of any calendar year, Landlord is not performing or furnishing any item or service to any portion of the Property (the cost of which, if performed or furnished by Landlord to such portion of the Property, would constitute a part of Operating Expenses), on account of (a) such item or service not being required or desired by a tenant, or (b) any tenant obtaining or providing such item or service itself, then, Operating Expenses shall be deemed to be increased by an amount equal to the additional costs and expenses which would reasonably have been incurred during such period by Landlord if it had performed or furnished such item or service to 100% of the Building.

(iv) The term "Taxes" means any form of assessment, rental tax, license tax, business license fee, levy, charge, tax or similar imposition, imposed by any authority having the power to tax, including any city, county, state or federal government, or any school, agricultural, lighting, library, drainage or other

improvement or special assessment district, as against the Property or any part thereof or any legal or equitable interest of Landlord therein, or against Landlord by virtue of its interest therein, and any reasonable costs incurred by Landlord in any proceeding for abatement thereof, including, without limitation, attorneys' and consultants' fees. The following shall not be included in "Taxes": (i) Landlord's income, franchise taxes, gift, transfer, excise, capital stock, estate, inheritance or succession taxes, and assessments for off-site improvements, (ii) penalties or interest for late payment of Taxes, and (iii) the portion of Taxes allocable to any Building capital improvements made after the Building was fully assessed as a completed and occupied unit and the Lease was signed except to the extent the additional improvements directly benefit all tenants or at least directly benefit Tenant. Landlord shall reimburse Tenant for Tenant's Share of any Tax abatements received by Landlord less legal, appraisal and other fees and expenses incurred by Landlord in obtaining such abatement.

(v) As to any assessments payable in installments, Tenant shall only pay its Percentage of installments allocable to the Lease Term. Landlord shall elect to pay such assessments in the maximum number of installments permitted by law.

Provided that Tenant shall have first paid all of amounts due and payable by Tenant pursuant to this Article III and upon written notice of Tenant within 60 days of the receipt of a final certificate (but not more than once with respect to any calendar year), Tenant may cause Landlord's books and records to be audited with respect to operating costs applicable to the Building for such calendar year. The audit shall be performed within 30 days of Landlord's receipt of notice by a certified public accountant, not to be compensated on a contingent fee basis, selected by Tenant at Tenant's sole cost and expense and at a mutually agreeable time and place where the books and records are customarily kept by the Landlord (or property manager) in the ordinary course. During such time of audit Tenant shall pay its full share of operating expenses. If it is determined that there are any amounts owed Tenant or Landlord as a result of said audit, such amount shall be reimbursed to the other within 30 days of said audit results. If the audit reveals an overstatement of operating costs of 5% or more, Landlord shall reimburse Tenant for its out-of-pocket costs of the audit. Tenant shall keep the results of any such audit confidential and shall not disclose the results of such inspection nor the content of such books and records with any third party other than Tenant's consultants and attorneys. Failure of Tenant to provide Landlord with a written request to review such books and records in a timely manner pursuant to this Article 3 with respect to each calendar year shall be deemed a waiver of Tenant's rights hereunder with respect to such calendar year.

3.3 Tenant's Electricity.

With respect to electricity for heating, ventilation, air conditioning, lighting and equipment in the Premises, Tenant agrees to pay all charges therefor. As part of the Leasehold Improvements described in Section 4.1, Landlord shall cause a submeter to be installed, at Landlord's cost, whereupon Tenant shall pay to Landlord, as additional rent, the cost of all electricity consumed in the Premises as shown on the submeter as and when bills are rendered by Landlord. Tenant agrees that it will not allow its demand requirements to adversely affect the Building's electrical system.

ARTICLE IV—CONSTRUCTION

4.1 Leasehold Improvements by Landlord.

(a) Prior to the delivery of the Premises to Tenant, Landlord shall cause to be designed and constructed at its own expense the improvements ("Leasehold Improvements") to the Premises depicted and described in the plans and specifications referenced in the attached Exhibit B. All work shall be performed in a good and workmanlike manner using building standard materials and finishes as set forth on Exhibit B. Once installed, the Leasehold Improvements shall be part of the Premises and the sole property of Landlord. Except as set forth herein, Landlord shall have no obligation to improve the Premises.

(b) Tenant may request reasonable changes to the preliminary plans provided, however, that no such changes shall require or cause a structural change in the Building, render the Premises or the Building in violation of applicable laws, or materially change the size or configuration of the Premises. Tenant shall pay any additional costs required to implement any such changes, including without limitation, architectural fees and construction cost

increases (including costs of delay) plus a fee equal to five percent (5%) of such costs; Tenant shall pay Landlord for such costs as additional rent within fifteen (15) days after written notice from Landlord of the amount due. Any requests by Tenant for changes in the final plans shall constitute an agreement by Tenant to any delay in completion of the Leasehold Improvements caused by reviewing, processing, and implementing such changes; any such delay shall be deemed a delay caused by Tenant for purposes of calculating the Commencement Date under Section 2.2(b).

(c) Landlord shall not be required to furnish professional interior design services to Tenant and shall not be required to pay for professional interior design services engaged by Tenant. Further, Tenant's interior furnishings, i.e., specification, supply and installation of furniture, furnishings, telephones, and moveable equipment, shall be the sole responsibility of Tenant. Tenant may access the Premises prior to the date on which the Premises are Ready for Occupancy in order to install Tenant's furniture, furnishings, telephones and moveable equipment, in coordination with Landlord's contractor. All of the Tenant's installation of interior furnishings and equipment shall be coordinated with any work being performed by Landlord in the Premises or elsewhere in the Building in such manner as to maintain harmonious labor relations and not damage the Building or the Premises or interfere with Building operations.

(d) If Landlord's contractor is delayed in completion of the Leasehold Improvements as a result of Tenant-caused delays as described in Section 2.2(b) of the Lease, then Tenant shall be responsible for and shall pay to Landlord upon completion of the Leasehold Improvements as additional rent the reasonable additional supervisory and general conditions out-of-pocket costs incurred by Landlord.

4.2 Alterations by Tenant.

(a) Tenant shall not make any alterations, decorations, additions, installations, substitutes or improvements (hereinafter collectively called "Alterations") in and to the Premises, without first obtaining Landlord's written consent, which consent shall not be unreasonably withheld, conditioned or delayed. No Alteration shall violate the Certificate of Occupancy for the Premises or any applicable law, code or ordinance, or the terms of any superior lease or mortgage affecting the Property, affect the exterior appearance of the Building, adversely affect the value or structure of the Building, require excessive removal expenses, adversely affect any other part of the Building, adversely affect the mechanical, electrical, sanitary or other service systems of the Building, or involve the installation of any materials subject to any liens or conditional sales contracts (the "Approval Review Matters"). Tenant shall pay Landlord's reasonable out-of-pocket costs of reviewing or inspecting any proposed Alterations. Notwithstanding anything to the contrary contained in this Lease, Landlord's consent shall not be required with respect to interior, non-structural Alterations costing less than \$25,000.00 in each instance, provided the same do not impact any building electrical, plumbing or mechanical systems.

(b) All work on any Alterations shall be done at reasonable times in a first-class workmanlike manner, by contractors reasonably approved by Landlord, according to plans and specifications reasonably approved by Landlord. All work shall be done in compliance with all applicable laws, regulations, and rules of any government agency with jurisdiction, and with all regulations of the Board of Fire Underwriters or any similar insurance body or bodies. Tenant shall be solely responsible for the effect of any Alterations on the Building's structure and systems, whether or not Landlord has consented to the Alterations, and shall reimburse Landlord within fifteen (15) days of demand for any costs incurred by Landlord by reason of any faulty work done by Tenant or its contractors. Upon completion of any Alterations, Tenant shall provide Landlord with a complete set of "as-built" plans, if applicable for the Alterations in question.

(c) Tenant shall use its best efforts to keep the Property and Tenant's leasehold interest therein free of any liens or claims of liens arising from acts or omissions of Tenant, or its subtenants, contractors or others claiming by, through or under Tenant, and shall discharge or bond any such liens within thirty (30) days of their filing. Before commencement of any work, upon Landlord's request, Tenant's contractor shall provide any payment, performance and lien indemnity bond reasonably required by Landlord. Tenant shall provide evidence of such insurance as Landlord may reasonably require, naming Landlord as an additional insured. Tenant shall indemnify Landlord and hold it harmless from and against any cost, claim, or liability arising from any work done by or at the direction of Tenant. All work shall be done so as to minimize interference with other tenants and with Landlord's operation of the Building or other construction work being done by Landlord. Landlord may post any notices it considers necessary to protect it from responsibility or liability for any Alterations, and Tenant shall give sufficient notice to Landlord to permit such posting.

(d) All Alterations affixed to the Premises shall become part thereof and remain therein at the end of the Term. However, if Landlord gives Tenant a notice, at the time Tenant requests Landlord's consent to any Alteration, that such Alteration must be removed upon the expiration or earlier termination of this Lease, Tenant shall do so and shall pay the cost of removal and any repair required by such removal. Notwithstanding anything in this Lease to the contrary, Landlord shall not require Tenant to remove (i) any Alterations, fixtures or equipment in the Premises as of the Commencement Date, (ii) standard office fit-up or (iii) any other tenant improvements not involving materially increased demolition costs. All of Tenant's personal property, trade fixtures, equipment, furniture, movable partitions, and any Alterations not affixed to the Premises shall remain Tenant's property, removable at any time. If Tenant fails to remove any such materials at the end of the Term, Landlord may do so and store them at Tenant's expense, without liability to Tenant, and may sell them at public or private sale and apply the proceeds to any amounts due hereunder, including costs of removal, storage and sale.

ARTICLE V—LANDLORD'S OBLIGATIONS AND RIGHTS

5.1 Services Furnished by Landlord.

(a) Landlord shall furnish services, utilities, facilities and supplies equal in quality to those customarily provided by landlords in high quality office buildings of a similar design in the general Watertown area. Such services, facilities and supplies shall include the services described in subsection 5.1(b) and 5.1(c) and Section 5.2 and the following: (i) cleaning services for Building Common Areas and the Premises as described in Exhibit C, (ii) rubbish removal, (iii) window cleaning, (iv) restroom supplies, (v) sewer and water service to the Building's restrooms, (vi) landscape maintenance, (vii) snow removal for walks, driveways and parking areas, (viii) maintenance of plantings in interior Common Areas, (ix) Building security, (x) elevator service from the existing elevator, and (xi) such other services, utilities, facilities and supplies as may be deemed necessary in Landlord's reasonable judgment.

(b) Subject to the provisions of this subsection 5.1(b), Landlord shall furnish space heating and cooling as normal seasonal changes may require to provide reasonably comfortable space temperature and ventilation for occupants of the Premises under normal business operation. However, Tenant acknowledges that if the operation of its business in the Premises requires additional cooling, then it is solely Tenant's responsibility to install and maintain the additional cooling equipment following the procedures set forth in Section 4.2(b).

Landlord shall furnish space heating and cooling during normal business hours of Monday through Friday from 8:00 a.m. to 5:00 p.m. and, upon Tenant's request received prior to 2:00 p.m. on the immediately preceding business day, on Saturday from 9:00 a.m. to 1:00 p.m., without additional cost to Tenant. If Tenant requests space heating and cooling beyond the aforementioned times, Landlord shall assess a commercially reasonable charge for the provision of such services consistent with the rates Landlord charges other tenants in the Building. If more than one tenant directly benefits from these services then the cost shall be allocated proportionately between or among the benefiting tenants based upon the amount of time each tenant benefits and the square footage each lease.

(c) Subject to the provisions of Section 3.3, Landlord shall provide electric power for lighting and office machine use under normal business operation. Tenant's use of electrical energy in the Premises shall not at any time exceed the capacity of any of the electrical conductors or equipment in or otherwise serving the Premises. In order to ensure that such capacity is not exceeded and to avert possible adverse effect upon the Building electric service, Tenant shall not, without prior consent of Landlord in each instance (which consent shall not be unreasonably withheld or delayed), make any alteration or addition to the electric system of the Premises.

(d) Landlord shall furnish, at Tenant's expense, reasonable additional Building operation services which are usual and customary in similar office buildings in the general Watertown area upon reasonable advance request of Tenant at reasonable and equitable rates from time to time established by Landlord; such charges, if any, shall be considered to be additional rent.

(e) Landlord shall provide and install, at Landlord's expense with respect to the first such installation and at Tenant's expense with respect to any subsequent installation, letters or numerals on the door to the Premises and in the lobby directory of the Building and on directories on the Property to identify Tenant's name, the name of entities affiliated with Tenant, the Building address, and letters in the lobby directory to identify a reasonable number of names of Tenant's executives; all such letters and numerals shall be in the building standard graphics and no others shall be used or permitted on the Premises.

5.2 Repairs and Maintenance.

Landlord shall repair and maintain the Common Areas and structural portions of the Building and the basic plumbing, electrical, mechanical and heating, ventilating and air-conditioning systems therein and life safety systems, except for damage resulting from a casualty or an eminent domain taking, which shall be governed by Article VIII. Landlord shall make the repairs and replacements to maintain the Building in a condition comparable to other similar class office buildings in the Watertown area. Subject to Section 10.7, if any maintenance, repair or replacement is required because of any act, omission or neglect of duty by Tenant or its agents, employees, invitees or contractors, the cost thereof shall be paid by Tenant to Landlord as additional rent within thirty (30) days after billing therefor.

5.3 Quiet Enjoyment.

Upon Tenant's paying the rent and performing its other obligations after notice to Tenant and expiration of applicable grace and cure periods, Landlord shall permit Tenant to peacefully and quietly hold and enjoy the Premises, subject to the provisions hereof.

5.4 Insurance.

Landlord shall insure the Property, including the Building and the Leasehold Improvements, against damage by fire and standard extended coverage perils, including "all-risks" coverage, and shall carry commercial general liability insurance all in such reasonable amounts with such reasonable deductibles as would be carried by a prudent owner of a similar building in the area. Landlord may carry any other forms of insurance as it or its mortgagee may deem advisable. Tenant shall have no right to any proceeds from such policies. Landlord shall not carry any insurance on any of Tenant's property, and shall not be obligated to repair or replace any of it.

5.5 Access to Premises.

Landlord shall have reasonable access to the Premises to inspect Tenant's performance hereunder and to perform any acts required of or permitted to Landlord herein. Landlord shall at all times have a key or access card to the Premises, and Tenant shall not install any additional lock without Landlord's consent. Any entry into the Premises by Landlord, under this section or any other section of this Lease permitting such entry, shall be on reasonable advance notice, shall be done so as not to unreasonably interfere with Tenant's use of the Premises, and shall be accompanied by a representative of Tenant if Tenant so requests; provided, however, that such restrictions shall not apply to any situation that Landlord in good faith believes to be an emergency.

Subject to reasonable security procedures that Landlord may institute from time to time to prevent unauthorized access to the Building, Tenant shall have access to the Premises, twenty-four (24) hours per day, seven (7) days per week.

5.6 Right to Cease Providing Services.

In connection with any repairs, alterations or additions to the Property or the Premises, or any other acts required of or permitted to Landlord herein, Landlord may, if necessary, reduce or suspend service of the Building's utilities and mechanical systems, or any of the other services, facilities or supplies required to be provided by Landlord hereunder, provided that Landlord shall use best efforts to restore such services, facilities or supplies as soon as possible, and provided further that Landlord shall give Tenant advance notice of such reduction or suspension if such reduction or suspension is planned in advance or if it is reasonably possible for Landlord to do so.

In addition, Landlord may reduce or suspend such services, facilities or supplies in case of Force Majeure, as defined below. No such reduction or suspension permitted by this Section 5.6 shall constitute an actual or constructive eviction or disturbance of Tenant's use or possession of the Premises, or an ejection of Tenant from the Premises, or a breach by Landlord of any of its obligations, and no such reduction or suspension shall render Landlord liable for any damages, including but not limited to any damages, compensation or claims arising from any interruption or cessation of Tenant's business, or entitle Tenant to be relieved from any of its obligations under this Lease, or result in any abatement or reduction of rent, except as set forth in Section 5.7.

5.7 Failure to Provide Services and Repairs.

Notwithstanding anything to the contrary contained in this Lease, if any essential services (such as HVAC, electricity, water, passenger elevators if necessary for reasonable access to the Premises, etc.) supplied by Landlord are interrupted rendering a material portion of the Premises untenable, or if a material portion of the Premises are rendered untenable in whole or in part as a result of actions of or a default by Landlord, a constructive eviction, contamination of the Premises, Building or Property, and such untenability does not result from the negligence or willful misconduct of Tenant, its employees, contractors, or agents, Tenant shall be entitled to an equitable abatement of Base Rent and additional rent beginning ten (10) days after the day on which Tenant notifies Landlord that a material portion of the Premises are rendered untenable in whole or in part. The abatement shall end when tenability is restored and Tenant is able to use the entire Premises to conduct its business operations therein. During any such untenability, Landlord shall use commercially reasonable efforts to restore the services and render the entire Premises tenable. Landlord shall not be in default or liable for any failure to perform any act or obligation or provide any service required hereunder unless Tenant shall have given notice of such failure, and such failure continues for at least thirty (30) days thereafter; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for its performance, then Landlord shall not be liable or in default if it commences such performance within thirty (30) days and thereafter diligently pursues such performance to completion. Tenant hereby waives any right under any law, ordinance, regulation or judicial decision to make repairs or provide maintenance or perform any of Landlord's other obligations hereunder at Landlord's expense.

ARTICLE VI—TENANT'S COVENANTS

6.1 Repair and Yield Up.

Tenant shall keep the Premises in the same order and condition as delivered to Tenant on the Commencement Date, reasonable wear and tear, and damage by fire, other casualty, and/or taking excepted, and subject to Section 10.7, shall promptly repair any damage to the Premises or the rest of the Property caused by the negligence or willful misconduct of Tenant or its agents, employees, or invitees, licensees or independent contractors. Landlord may require such repair to be done by a contractor reasonably designated by Landlord at Tenant's cost, provided that costs to be charged to Tenant are reasonable and competitive. At the end of the Term, Tenant shall peaceably yield up the Premises in the same order, repair and condition, as it is required to maintain during the Lease Term, reasonable wear and tear, and damage by fire, other casualty, and/or taking excepted. Tenant shall remove its own property and (if required by Landlord, which requirement Landlord shall notify Tenant of at the time Landlord consents to any proposed Alterations by Tenant) any Alterations, repairing any damage caused by such removal and restoring the Premises and leaving them clean and neat. Nothing herein shall require Tenant to remove the Leasehold Improvements. Tenant shall not cut Tenant's telecommunications cables and wiring or remove Tenant's telecommunication patch panel and shall label all telephone and data cable terminals accordingly.

6.2 Use.

(a) Tenant shall use the Premises only for the Permitted Uses, and shall not use or permit the Premises to be used for any other purpose. Tenant shall not use or occupy the Premises in violation of: (i) any recorded covenants, conditions and restrictions affecting the Property of which Tenant has been given written notice by Landlord (Landlord hereby representing that there are no such covenants, conditions or restrictions currently on record which will affect Tenant's use of the Premises for the Permitted Uses), provided that such covenants, conditions and restrictions do not increase Tenant's obligations or decrease Tenant's rights under this Lease, (ii) any

law or ordinance or any Certificate of Occupancy issued for the Building or the Premises, or (iii) any reasonable Rules and Regulations of uniform application of which Tenant has notice issued by Landlord for the Building and attached hereto as Exhibit D. In the event of any conflict between the Rules and Regulations and this Lease this Lease shall control. Tenant shall comply with any directive of any governmental authority with respect to Tenant's particular manner of use or occupancy of the Premises (as opposed to general office uses or the common areas for which Landlord shall be responsible). Tenant shall not do or permit anything in or about the Premises which will in any way damage the Premises, obstruct or interfere with the rights of other tenants or occupants of the Building, or injure them, or use the Premises or allow them to be used for any unlawful purpose. Tenant shall not cause, maintain or permit any nuisance in, on or about the Premises, or commit or allow any waste in or upon the Premises. Notwithstanding anything to the contrary contained in this Lease, Tenant shall not be responsible for ensuring the Premises complies with law when (i) a notice of violation or order was issued prior to the date Tenant is given possession of the Premises or (ii) such legal requirements require investigating, certifying, monitoring, encapsulating, removing or in any way dealing with asbestos or hazardous substances unless such asbestos or hazardous substances were introduced into the Premises by Tenant.

(b) Tenant shall not obstruct any of the Common Areas or any portion of the Property outside the Premises, and shall not place or permit any signs (other than those permitted under Section 5.1(e)), curtains, blinds, shades, awnings, aerials or flagpoles, or the like, visible from outside the Premises.

(c) Tenant shall keep the Premises equipped with all safety appliances required by law because of any particular manner of use made by Tenant other than office use with customary office equipment, and shall procure all licenses and permits required because of such use. This provision shall not broaden the Permitted Uses.

(d) Tenant shall not place a load upon the floor of the Premises exceeding 100 pounds per square foot. Partitions shall be considered as part of the load. Landlord may reasonably prescribe the weight and position of all safes, files and heavy equipment that Tenant desires to place in the Premises, so as properly to distribute their weight. Tenant's business machines and mechanical equipment shall be installed and maintained so as not to transmit noise or vibration to the Building structure or to any other space in the Building. Tenant shall be responsible for the cost of all structural engineering required to determine structural load and all acoustical engineering required to address any noise or vibration caused by Tenant.

(e) Tenant shall not have vending machines on the Property without the prior written consent of Landlord.

(f) Tenant shall not keep or use any article in the Premises, or permit any activity therein, which is prohibited by a standard insurance policy covering buildings and improvements similar to the Building and Leasehold Improvements, or would result in an increase in the premiums thereunder unless Tenant pays for such increase. In determining whether increased premiums are a result of Tenant's activity, a schedule issued by the organization computing the insurance rate on the Building or the Leasehold Improvements, showing the various components of the rate, shall be conclusive evidence. Tenant shall promptly comply with all reasonable requirements of the insurance authority or of any insurer relating to the Premises. If the use or occupation of the Premises by Tenant or by anyone Tenant allows on the Premises causes or threatens cancellation or reduction of any insurance carried by Landlord, Tenant shall remedy the condition immediately upon notice thereof. Upon Tenant's failure to do so, Landlord may, in addition to any other remedy it has under this Lease but subject to the provisions of Section 5.5, enter the Premises and remedy the condition, at Tenant's cost, which Tenant shall promptly pay as additional rent. Landlord shall not be liable for any damage or injury caused as a result of such an entry, and shall not waive its rights to declare a default because of Tenant's failure.

6.3 Assignment; Sublease.

(a) Tenant shall not assign, mortgage, pledge or otherwise transfer this Lease or make any sublease of the Premises, or permit occupancy of any part thereof by anyone other than Tenant (any such act being referred to herein as a "Transfer" and the other party with whom Tenant undertakes such act being referred to herein as a "Transferee") without the prior written consent of Landlord, which consent shall not be unreasonably withheld or delayed, subject to the other provisions of this Section 6.3. Any Transfer or attempted Transfer not in compliance with all of the terms and conditions set forth in this Section 6.3 shall be void, and shall be a default under this Lease.

(b) Any request by Tenant for Landlord's consent to a Transfer shall include the name of the proposed Transferee, the nature of its business and proposed use of the Premises, reasonable information as to its financial condition, and the terms and conditions of the proposed Transfer. Tenant shall supply such additional information about the proposed Transfer and Transferee as the Landlord reasonably requests. It shall be reasonable for Landlord to refuse consent to any Transfer to any governmental agency, or to any other Transferee who by reputation or expected use is not comparable to other types of tenants in the Building, or to any transferee whose financial strength is not at least equivalent to that of Tenant at the time of the Transfer, or to any Transferee that is an existing tenant in the Building or a prospective tenant with whom Landlord has been in discussions in the preceding six (6) months.

(c) Any Transfer shall specifically make applicable to the Transferee all of the provisions of this Section so that Landlord shall have against the Transferee all rights with respect to any further Transfer which are set forth herein. No Transfer shall affect the continuing primary liability of Tenant (which shall be joint and several with Transferee). Consent to a Transfer in a specific instance shall not be deemed consent to any subsequent Transfer or a waiver of the requirement of consent to any future Transfer. No assignment shall be binding upon Landlord or any of Landlord's mortgagees, unless Tenant shall deliver to Landlord a recordable instrument containing a covenant of assumption by the Transferee running to Landlord and all persons claiming by, through or under Landlord. The Transferee's failure to execute such instrument shall not, however, release or discharge Transferee from its liability as a Transferee hereunder. Tenant shall not enter into any Transfer that provides for rental or other payment based on the net income or profits derived from the Premises. With respect to any Transfer, Landlord shall be entitled to receive fifty percent (50%) of all "Bonus Rent," which Bonus Rent shall be payable by Tenant to Landlord on a monthly basis. For purposes of this Lease, Bonus Rent shall mean all amounts received by Tenant in excess of the Base Rent and additional rent reserved in this Lease and applicable to the space Transferred for the period of the Transfer, minus Tenant's reasonable expenses in connection with such Transfer for brokerage commissions, legal fees, advertising expenses, improvement allowances, free rent, Alterations and other rental concessions for the benefit of the Transferee.

(d) Notwithstanding any contrary provision of this Section 6.3, in connection with any intent to Transfer, Landlord shall have an option to cancel and terminate this Lease if the request is to assign the Lease or to sublet all of the Premises; or, if the request is to sublet a portion of the Premises only, to cancel and terminate this Lease with respect to such portion for the proposed term of such sublease or for the balance of the Term if, within fifteen (15) days after Landlord receives written notice from Tenant that Tenant intends to make space available for a Transfer, Landlord notifies Tenant that it has elected to exercise such option. Landlord may exercise said option in writing within fifteen (15) days after Landlord's receipt from Tenant of such request, and in each case such cancellation or termination shall occur as of the date set forth in Landlord's notice of exercise of such option, which shall not be less than sixty (60) days nor more than one hundred twenty (120) days following the giving of such notice. If Landlord exercises Landlord's option to cancel this Lease or any portion thereof, Tenant shall surrender possession of the Premises, or the portion thereof which is the subject of the option, as the case may be, on the date set forth in such notice in accordance with the provisions of this Lease relating to surrender of the Premises at the expiration of the Term. If this Lease is cancelled as to a portion of the Premises only, Base Rent after the date of cancellation shall be abated on a pro rata basis, and Tenant's Percentage. If Landlord does not exercise Landlord's option to cancel this Lease or any portion thereof pursuant to the foregoing provisions, Landlord's consent to a Transfer shall continue to be required in accordance with the other provisions of this Section 6.3.

(e) Any agreement by which Tenant agrees to enter into or execute any Transfer at the direction of any other party, or assigns its rights in the income arising from any Transfer to any other party, shall itself constitute a Transfer hereunder. If Tenant is a corporation, partnership, or other business organization, the transfer of ownership interests, whether in one transaction or a series, forming a majority of the equity interests in Tenant, shall constitute a Transfer, unless Tenant is a corporation whose stock is traded on an exchange or over the counter.

(f) Notwithstanding any contrary provision of this Lease, Tenant shall have no right to assign this Lease or sublet all or any portion of the Premises and any such assignment or sublease shall be void unless on (i) the date on which Tenant notifies Landlord of its intention to enter into any assignment or sublease or (ii) the date on which such assignment or sublease is to take effect, Tenant is not in default of any of its obligations under this Lease after notice to Tenant and expiration of applicable grace and cure periods.

(g) Notwithstanding anything to the contrary contained in this Lease, Tenant may assign this Lease or sublet all or a portion of the Premises without Landlord's consent, any right of recapture by Landlord or any sharing of any consideration with Landlord to an entity into or with which Tenant is merged or consolidated or to which substantially all of Tenant's assets or stock or membership interests are transferred or to any entity which controls, is controlled by or is under common control with Tenant.

6.4 Indemnity; Assumption of Risk.

(a) Tenant, at its expense, shall defend (with counsel satisfactory to Landlord), indemnify and hold harmless Landlord and its agents, employees, invitees, licensees and contractors from and against any cost, claim, action, liability or damage of any kind arising from any bodily injury, death or property damage to the extent arising from (i) Tenant's use and occupancy of the Premises or any activity done or permitted by Tenant in, on, or about the Premises, (ii) the destruction of or damage to Tenant's personal property, (iii) any Event of Default by Tenant of its obligations under this Lease, or (iv) any negligent, tortious or illegal act or omission or willful misconduct of Tenant, its agents, employees, invitees, licensees or contractors, provided that such cost, claim, action, liability or damage is not caused by the negligence or willful misconduct of Landlord or its agents, employees, invitees, licensees and contractors (except as otherwise provided in the last sentence of subsection 6.5(a)).

(b) As a material consideration to Landlord for executing this Lease, Tenant assumes all risk of damage or injury to any person or property in, on, or about the Premises from any cause including, without limitation, injury or damage which may be sustained by the person or property of Tenant, its employees, invitees, or any other person in or about the Premises, caused by or resulting from fire, steam, electricity, gas, water or rain which may leak or flow from or into any part of the Premises, or from the breakage, leakage, obstruction, or other defects of pipes, sprinklers, wires, appliances, plumbing, air-conditioning or lighting fixtures, whether such damage or injury results from conditions arising upon the Premises, any other portion of the Property, or other sources, provided that such damage or injury is not caused by the negligence or willful misconduct of Landlord or its agents, employees, invitees, licensees and contractors (except as otherwise provided in the last sentence of subsection 6.5(a)). Landlord shall not be liable to Tenant or any other person or entity for any damages arising from any act or omission of any other tenant of the Building.

6.5 Tenant's Insurance.

(a) Tenant shall maintain the following insurance at its own expense throughout the Term: (i) Property insurance including standard fire and extended coverage insurance, vandalism and malicious mischief endorsements, and "all-risks" coverage upon all property owned by Tenant and located in the Building, in the full replacement cost thereof; (ii) Commercial General Liability Insurance against any liability arising out of the use, occupancy or maintenance of the Premises or the Property, which insurance may be by a blanket insurance policy and shall provide the following coverages and endorsements: personal injury, broad form property damage, automobile (by separate policy, if necessary), premises/operations, additional insured landlord endorsement and broad form contractual liability, in limits not less than One Million Dollars (\$1,000,000.00) per occurrence and Three Million Dollars (\$3,000,000) in the aggregate, with a deductible not to exceed Ten Thousand Dollars (\$10,000.00); (iii) any other forms of insurance as Landlord may reasonably require from time to time in form, in amounts and for insurance risks against which a prudent tenant would protect itself in similar facilities in the general area of the Premises. Tenant acknowledges and agrees that such property owned by Tenant shall be at the sole risk and hazard of Tenant, and if the whole or any part thereof shall be destroyed or damaged by fire, water or otherwise, or by the leakage or bursting of water pipes, steam pipes, or other pipes, by theft or from any other cause, no part of said loss or damage is to be charged to or be borne by Landlord regardless of any fault of Landlord.

(b) All policies shall (i) be taken out with insurers reasonably acceptable to Landlord, in form reasonably satisfactory to Landlord, (ii) include Landlord and any mortgagee of Landlord as additional insureds, as their interests may appear, and (iii) contain a provision that any coverage afforded thereby shall be primary and noncontributing with respect to any insurance carried by Landlord, and any insurance carried by Landlord shall be excess and non-contributing. Landlord may upon thirty (30) days' notice to Tenant require an increase of the limits of the policies carried by Tenant if Landlord reasonably deems such limits to be inadequate when compared to the then existing customary insurance practice in the area. Tenant shall provide certificates of insurance in form reasonably satisfactory to Landlord before the Commencement Date, and shall provide certificates evidencing

renewal at least ten (10) days before the expiration of any such policy. All policies shall contain an endorsement requiring at least thirty (30) days' prior written notice to Landlord and any mortgagee of Landlord prior to any material change, reduction, cancellation or other termination.

(c) Upon termination of this Lease pursuant to any casualty, Tenant shall retain any proceeds attributable to Tenant's personal property, trade fixtures, movable partitions, equipment and Alterations not affixed to the Premises, but Tenant shall immediately pay to Landlord any insurance proceeds received by Tenant relating to any Alterations affixed to the Premises unless Landlord has required their removal, which removal requirement Landlord shall convey to Tenant when Tenant requests Landlord's consent to such Alterations.

6.6 Right of Entry.

Subject to the provisions of Section 5.5 hereof, Tenant shall permit Landlord and its agents to examine the Premises at reasonable times and to make any repairs or replacements Landlord deems reasonably necessary; to remove, at Tenant's expense, after reasonable written notice to Tenant (except in the case of an emergency in which no notice shall be required), any Alterations, signs, curtains, blinds or the like not consented to by Landlord; and to show the Premises to prospective tenants during the last nine (9) months of the Term and to prospective purchasers and mortgagees at all times.

6.7 Payment of Taxes.

Tenant shall pay before delinquency all taxes levied against Tenant's personal property or trade fixtures in the Premises and any Alterations installed by or on behalf of Tenant. If any such taxes are levied against Landlord or its property, or if the assessed value of the Premises is increased by the inclusion of a value placed on Tenant's property, Landlord may pay such taxes, and Tenant shall upon demand repay to Landlord the portion of such taxes resulting from such increase. Tenant may bring suit against the taxing authority to recover the amount of any such taxes, and Landlord shall cooperate therein. The records of the City Assessor shall determine the assessed valuation, if available and sufficiently detailed. If not so available or detailed, the actual cost of construction shall be used.

6.8 Environmental Compliance.

Tenant shall not cause any hazardous or toxic wastes, hazardous or toxic substances or hazardous or toxic materials (collectively, "Hazardous Materials") to be used, generated, stored or disposed of on, under or about, or transported to or from, the Premises (collectively, "Hazardous Materials Activities") without first receiving Landlord's written consent, which may be withheld for any reason and revoked at any time. If Landlord consents to any such Hazardous Materials Activities, Tenant shall conduct them in strict compliance (at Tenant's expense) with all applicable Regulations, as hereinafter defined, and using all necessary and appropriate precautions. Landlord shall not be liable to Tenant for any Hazardous Materials Activities by Tenant, Tenant's employees, agents, contractors, licensees or invitees, whether or not consented to by Landlord. Tenant shall indemnify, defend with counsel acceptable to Landlord and hold Landlord harmless from and against any claims, damages, costs and liabilities arising out of Tenant's Hazardous Materials Activities. For purposes hereof, Hazardous Materials shall include but not be limited to substances defined as "hazardous substances," "toxic substances," or "hazardous wastes" in the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended; the federal Hazardous Materials Transportation Act, as amended; and the federal Resource Conservation and Recovery Act, as amended ("RCRA"); those substances defined as "hazardous wastes" in the Massachusetts Hazardous Waste Facility Siting Act, as amended (Massachusetts General Laws Chapter 21D); those substances defined as "hazardous materials" or "oil" in Massachusetts General Laws Chapter 21E, as amended; and as such substances are defined in any regulations adopted and publications promulgated pursuant to said laws (collectively, "Regulations"). Prior to using, storing or maintaining any Hazardous Materials on or about the Premises, Tenant shall provide Landlord with a list of the types and quantities thereof, and shall update such list as necessary for continued accuracy. Tenant shall also provide Landlord with a copy of any Hazardous Materials inventory statement required by any applicable Regulations, and any update filed in accordance with any applicable Regulations. If Tenant's activities violate or create a risk of violation of any Regulations, Tenant shall cease such activities immediately upon notice from Landlord. Tenant shall immediately notify Landlord both by telephone and in writing of any spill or unauthorized discharge of Hazardous Materials or of any condition constituting an imminent hazard under any Regulations. Landlord, Landlord's representatives and employees may enter the

Premises at any time during the Term after prior notice to inspect Tenant's compliance herewith, and may disclose any violation of any Regulations to any governmental agency with jurisdiction. Nothing herein shall prohibit Tenant from using minimal quantities of cleaning fluid and office supplies which may constitute Hazardous Materials but which are customarily present in premises devoted to office use, provided that such use is in compliance with all applicable laws and subject to all of the other provisions of this Section 6.8.

ARTICLE VII—DEFAULT

7.1 Events of Default.

(a) The occurrence of any one or more of the following events (each, an "Event of Default") shall constitute a default hereunder by Tenant:

(i) The failure by Tenant to make any payment of Base Rent or additional rent or any other payment required hereunder, as and when due, where such failure shall continue for a period of five (5) business days after written notice thereof from Landlord to Tenant.

(ii) (Intentionally omitted).

(iii) The failure by Tenant to observe or perform any of the express or implied covenants or provisions of this Lease to be observed or performed by Tenant, other than as specified in clauses (i) and (ii) above, where such failure shall continue for a period of more than thirty (30) days after written notice thereof from Landlord to Tenant; provided, however, that if the nature of Tenant's default is such that more than thirty (30) days are reasonably required for its cure, then Tenant shall not be deemed to be in default if Tenant shall commence such cure within said thirty-day period and thereafter diligently prosecute such cure to completion, which completion shall occur not later than ninety (90) days from the date of such notice from Landlord.

(iv) The failure by Tenant or any guarantor of any of Tenant's obligations under this Lease to pay its debts as they become due, or Tenant or any such guarantor becoming insolvent, filing or having filed against it a petition under any chapter of the United States Bankruptcy Code, 11 U.S.C. Section 101 et seq. (or any similar petition under any insolvency law of any jurisdiction), proposing any dissolution, liquidation, composition, financial reorganization or recapitalization with creditors, making an assignment or trust mortgage for the benefit of creditors, or if a receiver, trustee, custodian or similar agent is appointed or takes possession with respect to any property or business of Tenant or such guarantor.

(b) In the event of any such default by Tenant, whether or not the Term shall have begun, in addition to any other remedies available to Landlord at law or in equity, Landlord shall have the immediate option, or the option at any time while such default exists and without further notice, to terminate this Lease and all rights of Tenant hereunder by notice to Tenant; and this Lease shall thereupon come to an end as fully and completely as if the date such notice is given were the date herein originally fixed for the expiration of the Term, and Tenant shall then quit and surrender the Premises to Landlord, but Tenant shall remain liable as hereinafter provided.

7.2 Damages.

(a) In the event that this Lease is terminated under any of the provisions contained in Section 7.1 or shall be otherwise terminated for breach of any obligation of Tenant, Tenant covenants to pay forthwith to Landlord, as compensation, the excess of the total rent reserved for the residue of the Term over the rental value of the Premises for said residue of the Term. In calculating the rent reserved there shall be included, in addition to the Base Rent and all additional rent, the value of all other considerations agreed to be paid or performed by Tenant for said residue. Tenant further covenants as an additional and cumulative obligation after any such termination to pay punctually to Landlord all the sums and perform all the obligations which Tenant covenants in this Lease to pay and to perform in the same manner and to the same extent and at the same time as if this Lease had not been terminated. In calculating the amounts to be paid by Tenant under the immediately preceding covenant Tenant shall be credited with any amount paid to Landlord as compensation as in this Section 7.2 provided and also with the net proceeds of

any rent obtained by Landlord by reletting the Premises, after deducting all Landlord's reasonable expenses in connection with such reletting, including, without limitation, all repossession costs, brokerage commissions, fees for legal services and expenses of preparing the Premises for such reletting, it being agreed by Tenant that Landlord may (i) relet the Premises or any part or parts thereof, for a term or terms which may at Landlord's option be equal to or less than or exceed the period which would otherwise have constituted the balance of the Term and may grant such concessions and free rent as Landlord in its sole judgment considers advisable or necessary to relet the same, and (ii) make such alterations, repairs and decorations in the Premises as Landlord in its sole judgment considers advisable or necessary to relet the same, and no action of Landlord in accordance with the foregoing or failure to relet or to collect rent under reletting shall operate or be construed to release or reduce Tenant's liability as aforesaid.

(b) In lieu of any other damages or indemnity and in lieu of full recovery by Landlord of all sums payable under all the foregoing provisions of this Section 7.2, Landlord may by written notice to Tenant, at any time after this Lease is terminated under any of the provisions contained in Section 7.1 or is otherwise terminated for breach of any obligation of Tenant and before such full recovery, elect to recover, and Tenant shall thereupon pay, as liquidated damages, an amount equal to the aggregate of the Base Rent and additional rent accrued under Sections 3.1 and 3.2 in the 12 months (discounted to present value) ended next prior to such termination plus the amount of Base Rent and additional rent of any kind accrued and unpaid at the time of termination and less the amount of any recovery by Landlord under the foregoing provision of this Section 7.2 up to the time of payment of such liquidated damages, similarly discounted to present value.

(c) Nothing contained in this Lease shall limit or prejudice the right of Landlord to prove for and obtain in proceedings for bankruptcy or insolvency by reason of the termination of this Lease, an amount equal to the maximum allowed by any statute or rule of law in effect at the time when, and governing the proceedings in which, the damages are to be provided, whether or not the amount be greater, equal to, or less than the amount of the loss or damages referred to above.

(d) Landlord's remedies under this Lease are cumulative and not exclusive of any other remedies to which Landlord may be entitled in case of Tenant's breach or threatened breach of this Lease. Landlord shall be entitled to the remedies of injunction and specific performance with respect to any such breach.

ARTICLE VIII—CASUALTY AND EMINENT DOMAIN

8.1 Termination or Restoration; Rent Adjustment.

In case prior to or during the Term all or a substantial portion of the Premises or the Building are damaged by fire or other casualty or by action of public or other authority in consequence thereof, or taken by eminent domain or access to the Building is eliminated by virtue of a taking by eminent domain or Landlord receives compensable damage by reason of anything lawfully done in pursuance of public or other authority to such an extent that it is reasonably determined by the Landlord that the Premises or Building shall not be restored, this Lease shall by notice to Tenant from Landlord terminate, which may be made notwithstanding Landlord's entire interest may have been divested. Notwithstanding anything to the contrary contained herein, Landlord agrees not to terminate this Lease unless Landlord is terminating the leases of similarly affected Building tenants. The effective date of termination specified by Landlord shall not be less than forty-five (45) nor more than ninety (90) days after the date of notice of such termination. Further, during the Term, in the event of (a) damage to the Premises which makes a material portion of the Premises unfit for use and occupancy, or (b) damage to a material portion of the common facilities necessary for the practical use and enjoyment of the Premises (including, without limitation, any material portion of the common facilities which provide access to the Premises), or (c) a permanent taking of a material portion of the Premises, or (d) a permanent taking of a material portion of the common facilities necessary for the practical use and enjoyment of the Premises (including, without limitation, any material portion of the common facilities which provide access to the Premises), Tenant may, by notice given to Landlord within 30 days of such casualty or taking, notify Landlord of its desire to terminate this Lease. If such a notice is given, this Lease shall terminate 90 days after such notice is given unless, in the case of (a) or (b) above, within 90 days of the giving of such notice, Landlord delivers to Tenant its certification (a "Landlord's Restoration Certification") that the Landlord intends to restore the Premises (including, without limitation, the Leasehold Improvements) and the common facilities, as the case may be, to substantially the condition they were in prior to such casualty or taking within 210 days of the event giving rise to such notice (the "Outside Restoration Date"), and in the case of (d) above, the

Landlord intends to replace what remains of the common facilities by the Outside Restoration Date so that Tenant will again be able to have the practical use and enjoyment of the Premises to substantially the same extent as prior to such taking. Unless terminated pursuant to the foregoing provision, this Lease shall remain in full force and effect following any damage or taking, subject, however, to the following provisions, and subject further to the additional right of Tenant to terminate this Lease if the restoration of the Premises or the common facilities has not occurred by the Outside Restoration Date (such date being extended by the number of days, not to exceed 30 in the aggregate, specified in a notice or notices given from time to time by Landlord to Tenant prior to the then applicable Outside Restoration Date, of delays in completion attributable to the occurrence of a Force Majeure Event). Tenant may not exercise such additional right to terminate this Lease except within 30 days after the Outside Restoration Date (as so extended by such a notice or notices). Notwithstanding the foregoing, upon the occurrence of a casualty or taking of the nature hereinabove described in clauses (a), (b), (c) or (d), which occurs within the last thirty (30) months of the Term, Landlord and Tenant shall have the option to terminate this Lease upon written notice to the other party.

If in any such case the Premises or any portion thereof are rendered unfit for use and occupation or any portion of the common facilities necessary for the practical use and enjoyment of the Premises are unavailable for use and this Lease is not so terminated, Landlord shall use due diligence (following the expiration of the period in which this Lease may be terminated pursuant to the foregoing provisions of this Section 6.1.2), subject to the availability of insurance proceeds and consent of the holders of any mortgages on the Property, Building or both, to put the Premises, and any portion of the common facilities necessary for the practical use and enjoyment of the Premises or in case of a taking what may remain thereof (excluding in case of both damage and taking any items installed or paid for by Tenant), into substantially the condition the Premises were in prior to such casualty or taking. A just proportion of the fixed rent and additional rent according to the nature and extent of the injury shall be abated from the time of the damage or taking until the Premises or such portion of the common facilities or such remainder shall have been put into proper condition for use and occupation or until termination of this Lease, and in case of a taking which permanently reduces the area of the Premises, a just proportion of the fixed rent and additional rent shall be abated for the remainder of the Term.

8.2 Eminent Domain Damages.

Landlord reserves to itself any and all rights to receive awards made for damages to the Premises and Building and the leasehold hereby created, or any one or more of them, accruing by reason of exercise of eminent domain or by reason of anything lawfully done in pursuance of public or other authority. Tenant hereby releases and assigns to Landlord all Tenant's rights to such awards, and covenants to deliver such further assignments and assurances thereof as Landlord may from time to time request, hereby irrevocably designating and appointing Landlord as its attorney-in-fact to execute and deliver in Tenant's name and behalf all such further assignments thereof. Nothing contained herein shall be deemed to preclude Tenant from obtaining, or to give Landlord any interest in, any separate award to Tenant for loss or damage to Tenant's removable personal property or Tenant's relocation costs.

8.3 Temporary Taking.

In the event of any taking of the Premises or any part thereof for temporary use, (i) this Lease shall be and remain unaffected thereby and rent shall not abate, and (ii) Tenant shall be entitled to receive for itself such portion or portions of any award made for such use with respect to the period of the taking which is within the Term.

ARTICLE IX—RIGHTS OF PARTIES HOLDING PRIOR INTERESTS

9.1 Lease Subordinate—Superior.

This Lease shall be subject and subordinate to the lien of any institutional first mortgage ("Mortgage") now or hereinafter placed on the Property, the Building, or both, or any portion or portions thereof or interest therein, which are separately and together hereinafter in this Article IX referred to as "the mortgaged premises", and to each advance made or hereafter to be made under any Mortgage, and to all renewals, modifications, consolidations, replacements and extensions thereof and all substitutions therefor.

In the event that any mortgagee or its successor in title shall succeed to the interest of Landlord, then, Tenant shall and does hereby agree to attorn to such mortgagee or successor and to recognize such mortgagee or successor as its Landlord. Any claim by Tenant under the Lease against the mortgagee or such successor shall be satisfied solely out of the mortgagee's or such successor's interest in the Building and Tenant shall not seek recovery against or out of any other assets of mortgagee or such successor. Notwithstanding the foregoing, any mortgagee may at its election subordinate its Mortgage to this Lease without the consent or approval of Tenant. This Section shall be self-operative. Tenant agrees to execute and deliver promptly any commercially reasonable certificates or instruments requested by Landlord or any mortgagee to carry out the subordination and attornment agreements contained in this Section 9.1.

Notwithstanding anything in this Lease to the contrary, Landlord shall use commercially reasonable efforts to obtain for Tenant from any current or future mortgagee on the Building or the Property a non-disturbance agreement for the benefit of Tenant, at Tenant's cost, in a commercially reasonable form prepared by such mortgagee, whereby the mortgagee agrees to recognize the rights of Tenant under this Lease in the event of foreclosure of the Mortgage held by it, so long as Tenant is not in default hereunder, after notice to Tenant and expiration of applicable grace and cure periods.

9.2 Rights of Mortgagee to Cure.

No act or failure to act on the part of Landlord which would entitle Tenant, under the terms of this Lease or as a matter of law, to be released from Tenant's obligations hereunder or to terminate this Lease shall result in a release of such obligations or a termination of this Lease unless Tenant first gives written notice of and a specific description of Landlord's act or failure to act to Landlord's mortgagees of whom Tenant has been given written notice by Landlord, if any, and such mortgagee fails to cure such default within thirty (30) days after receipt of such notice. However, if such cure reasonably requires more than thirty days to effect, such mortgagee shall have such additional time as is reasonably necessary in the circumstances, including time to take possession of the Property. This section shall not impose any obligation on any such mortgagee. Landlord shall, from time to time, notify Tenant as to the identity of Landlord's mortgagees; provided, however, that Tenant's execution of estoppel certificates, nondisturbance agreements or similar agreements which identify Landlord's mortgagee shall be deemed to be notice to Tenant hereunder.

ARTICLE X—MISCELLANEOUS

10.1 Representations by Tenant.

Each party represents and warrants to the other party that those persons executing this Lease on its behalf are duly authorized to execute and deliver this Lease on its behalf, and that this Lease is binding upon such party in accordance with its terms and upon execution of this Lease, each party shall deliver evidence of such authority to the other party in form satisfactory to the other party.

10.2 Notices.

Any notice required or permitted hereunder shall be in writing. Communications shall be addressed to Landlord at Landlord's Address and to Tenant at Tenant's Address if prior to the Commencement Date and to Tenant at the Premises if following the Commencement Date. Any communication so addressed shall be deemed duly given when delivered by hand, one day after being sent by Federal Express (or other guaranteed one day delivery service) or three days after being sent by registered or certified mail, return receipt requested. Either party may change its address by giving notice to the other.

10.3 No Waiver or Oral Modification.

No provision of this Lease shall be deemed waived by Landlord or Tenant except by a signed written waiver. No consent to any act or waiver of any breach or default, express or implied, by Landlord or Tenant, shall be construed as a consent to any other act or waiver of any other breach or default. Landlord's failure to enforce any covenant or condition of this Lease shall not be deemed a waiver thereof, and its failure to enforce any of the Rules

and Regulations against Tenant or any other tenant in the Building shall not be deemed a waiver thereof. The receipt by Landlord of any rent with knowledge of the breach of any covenant of this Lease shall not be deemed a waiver of such breach, and the acceptance of any rental payment in any amount less than the full sum due shall not constitute a waiver of any claim to the remaining balance. This Lease may not be changed or amended orally, but only by written instrument signed by both parties hereto.

10.4 Partial Invalidity.

If any provision of this Lease, or the application thereof in any circumstances, shall to any extent be invalid or unenforceable, the remainder of this Lease shall not be affected thereby, and each provision hereof shall be valid and enforceable to the fullest extent permitted by law.

10.5 Certain Landlord Remedies.

If Tenant fails to perform any obligation hereunder after notice to Tenant and expiration of applicable grace and cure periods, Landlord may, upon ten (10) days prior written notice to Tenant (except in the case of emergency in which case no notice shall be required), enter the Premises and perform it on Tenant's behalf. In so doing, Landlord may make any payment of money or perform any other act. All sums so paid by Landlord, and all incidental out-of-pocket costs and expenses, shall be considered additional rent under this Lease and shall be payable to Landlord within ten (10) days of demand, together with interest from the date of demand to the date of payment at the "Interest Rate." For purposes of this Lease, the Interest Rate shall mean the lesser of the maximum interest rate permitted by law or three (3) percentage points above the then prevailing prime rate as set by Bank of America in its main office in Boston, MA (or, if such bank ceases to exist, the then largest bank in the Commonwealth of Massachusetts).

10.6 Tenant's Estoppel Certificate.

Within ten (10) days after written request by Landlord, Tenant shall execute, acknowledge and deliver to Landlord a written statement certifying (a) that this Lease is unmodified and in full force and effect, or is in full force and effect as modified and stating the modifications; (b) the amount of Base Rent and the date to which Base Rent and additional rent have been paid in advance; (c) the amount of any security deposited with Landlord; and (d) that, to the best of Tenant's actual knowledge, Landlord is not in default hereunder or, if Landlord is claimed to be in default, stating the nature of any claimed default, and (e) such other matters as may be reasonably requested by Landlord. Any such statement may be relied upon by a purchaser, assignee or lender. Tenant's failure to execute and deliver such statement within the time required shall be a default under this Lease and shall also be conclusive upon Tenant that (1) this Lease is in full force and effect and has not been modified except as represented by Landlord; (2) there are no uncured defaults in Landlord's performance and Tenant has no right of offset, counterclaim or deduction against rent; and (3) not more than one month's Base Rent has been paid in advance. In connection with any Transfer of this Lease or major corporate financing by Tenant, Landlord shall, within twenty (20) days after written request by Tenant, acknowledge and deliver to Tenant a written statement containing substantially similar certifications regarding Tenant to those listed above regarding Landlord (provided that Tenant reimburses Landlord for its reasonable legal and other expenses in connection with such request).

10.7 Waiver of Subrogation.

Notwithstanding anything to the contrary contained in this Lease, Landlord and Tenant each hereby waive on behalf of itself and its property insurers (none of which shall ever be assigned any such claim or be entitled thereto due to subrogation or otherwise) all rights of recovery, claim, action or cause of action against the other and against the officers, employees, agents, and representatives of the other, on account of loss by or damage to the waiving party or its property or the property of others under its control, if such loss or damage is of such a nature as is actually insured against under any insurance policy that either may have in force at the time of the loss or damage or is required to be insured against by the waiving party hereunder whether or not such insurance is actually maintained and regardless of the cause or origin, including, in every instance, negligence by the other party hereto, its agents, officers, partners or employees. Each party shall notify its insurers that the foregoing waiver is contained in this Lease. Landlord and Tenant shall cause each insurance policy obtained by each of them to provide that the insurer waives all right of recovery by way of subrogation against either Landlord or Tenant in connection with any loss or damage covered by such policy.

10.8 All Agreements; No Representations.

This Lease contains all of the agreements of the parties with respect to the subject matter hereof and supersedes all prior dealings between them with respect to such subject matter. Each party acknowledges that the other has made no representations or warranties of any kind except as may be specifically set forth in this Lease.

10.9 Brokerage.

Each party represents and warrants that it has not dealt with any real estate broker or agent in connection with this Lease or its negotiation other than the "Brokers" identified in Section 1.2 who shall be paid by Landlord pursuant to a separate agreement. Each party shall indemnify the other and hold it harmless from any cost, expense, or liability (including costs of suit and reasonable attorneys' fees) for any compensation, commission or fees claimed by any other real estate broker or agent in connection with this Lease or its negotiation by reason of any act or statement of the indemnifying party.

10.10 Successors and Assigns.

This Lease shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns; provided, however, that the original Landlord named herein and each successive owner of the Premises shall be liable only for obligations accruing during the period of their respective ownership; provided further, that Tenant's right to make a Transfer shall always be governed by Section 6.3 hereof.

10.11 Construction of Document.

This Lease shall be construed, governed and enforced according to the laws of the state where the Property is located. In construing this Lease, section headings shall be disregarded. Any recitals herein or riders or exhibits attached hereto are hereby incorporated into this Lease by this reference. Time is of the essence of this Lease and every provision contained herein. The parties acknowledge that this Lease was freely negotiated by both parties, each of whom was represented by counsel; accordingly, this Lease shall be construed according to the fair meaning of its terms, and not against either party.

10.12 Disputes Provisions.

(a) If either Landlord or Tenant institutes any action to enforce the provisions of this Lease or to seek a declaration of rights hereunder, the prevailing party shall be entitled to recover its reasonable attorneys' fees and court costs as part of any award.

(b) Landlord and Tenant hereby waive trial by jury in any action, proceeding or counterclaim (excluding mandatory counterclaims) brought by either of the parties hereto against the other, on or in respect to any matter whatsoever arising out of or in any way connected with this Lease, the relationship of Landlord and Tenant hereunder, Tenant's use or occupancy of the Premises, and/or claim of injury or damage.

10.13 Surrender.

The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation thereof, shall not work a merger, and shall, at the option of Landlord, operate as an assignment to it of any or all subleases or subtenancies.

10.14 Holdover.

If Tenant holds over in occupancy of the Premises after the expiration of the Term, Tenant shall become a tenant at sufferance only, at a pro rated rental rate equal to one hundred fifty (150%) percent of the Rent in effect at the end of the Term, and otherwise subject to the terms and conditions herein specified, so far as applicable, and shall be liable for all damages sustained by Landlord on account of such holding over. This Section shall not operate as a waiver of any right of reentry provided in this Lease, and Landlord's acceptance of rent after expiration of the Term or earlier termination of this Lease shall not constitute consent to a holdover or result in a renewal. If Tenant fails to surrender the Premises upon the expiration of the Term or earlier termination despite demand by Landlord to do so, Tenant shall indemnify and hold Landlord harmless from all loss or liability, including, without limitation, any claim made by any succeeding tenant resulting from such failure.

10.15 Late Payment.

Tenant acknowledges that the late payment by Tenant to Landlord of any sums due under this Lease will cause Landlord to incur costs not contemplated by this Lease, the exact amount of such costs being extremely difficult and impractical to ascertain. Therefore, if any monthly payment is not paid on or by the date it is due more than once during any twelve (12) month period, Tenant shall pay to Landlord an administrative fee equal to five (5%) percent of the unpaid amount. In addition, Tenant shall pay to the Landlord interest at a rate of 2% plus the prime rate per annum published as such in the *Wall Street Journal* on all sums whatever becoming due under this lease, and not paid within five (5) days after their due date, if called upon the Landlord to do so. Landlord's acceptance of any late charge or interest shall not constitute a waiver of Tenant's default with respect to the overdue amount.

10.16 Force Majeure.

If Landlord or Tenant is prevented from or delayed in performing any act required of it hereunder, and such prevention or delay is caused by strikes, labor disputes, inability to obtain labor, materials, or equipment, inclement weather, acts of God, governmental restrictions, regulations, or controls, judicial orders, enemy or hostile government actions, civil commotion, fire or other casualty, or other causes beyond such party's reasonable control (collectively, "Force Majeure"), the performance of such act shall be excused for a period equal to the period of prevention or delay. A party's financial inability to perform its obligations shall in no event constitute Force Majeure. Nothing in this section shall excuse or delay Tenant's obligation to pay any rent or other charges due under this Lease.

10.17 Limitation On Liability.

In consideration of the benefits accruing hereunder, Tenant hereby covenants and agrees that, in the event of any actual or alleged failure, breach or default hereunder by Landlord:

(a) The obligations of Landlord and Tenant under this Lease do not constitute personal obligations of the trustees, individual partners, directors, officers or shareholders of either Landlord or Tenant, Landlord's or Tenant's beneficiary or any constituent partner of Landlord's or Tenant's beneficiary, and neither Landlord nor Tenant shall seek recourse against the trustees, partners, directors, officers or shareholders of the other party, the other party's beneficiary or any constituent partner of the other party's beneficiary or any of their personal assets for satisfaction of any liability with respect to this Lease.

(b) Tenant's sole and exclusive remedy shall be against the Landlord's interest in the Property.

(c) Neither Landlord's beneficiary nor any constituent partner of Landlord's beneficiary shall be sued, named as a party in any suit or action, or served with process therein (except if necessary to secure jurisdiction), and neither Landlord's beneficiary nor any constituent partner of Landlord's beneficiary shall be required to respond to any service of process.

(d) No judgment will be taken against Landlord's beneficiary nor any constituent partner of Landlord's beneficiary, and no writ of execution will be levied against the assets of Landlord's beneficiary or any such partner.

(e) These covenants and agreements are enforceable both by Landlord and also by Landlord's beneficiary, any constituent partner of Landlord's beneficiary, and shall bind Tenant and its successors and assigns.

(f) Notwithstanding any provision of this Lease to the contrary (including, without limitation, any indemnification provision), in no event shall Landlord, Tenant or any of their directors, officers, shareholders, employees, advisers or agents be responsible for interruption or loss of business, income or profits, or any other consequential, indirect or special damages.

10.18 Submission Not An Option.

The submission of this Lease or a summary of some or all of its provisions for examination by Tenant does not constitute a reservation of the Premises for Tenant or an offer to lease the Premises to Tenant or the grant of an option for the Premises to Tenant, notwithstanding any contrary provision of statutory or common law.

10.19 Security Deposit.

Tenant agrees that the Security Deposit shall be in the form of a letter of credit to be delivered upon the execution of this Lease, the letter of credit shall be an irrevocable letter of credit (the "Letter of Credit"), issued in a form and by a bank reasonably approved by Landlord (the "Bank") in the amount of the Security Deposit. Without limiting the generality of the foregoing, the Letter of Credit shall name Landlord as the beneficiary and provide that it may be negotiated or drawn against upon the furnishing of a statement to the Bank, from an authorized officer or agent of Landlord, that the Letter of Credit is being drawn upon in accordance with the terms of this Lease. Landlord shall hold the Letter of Credit as security for the performance by Tenant of all obligations on the part of Tenant to be kept and performed. Landlord shall have the right, from time to time upon an Event of Default that remains uncured, without prejudice to any other remedy Landlord may have on account thereof, to draw upon the Letter of Credit and apply such funds to Landlord's damages arising from any Event of Default on the part of Tenant, in which event Tenant shall restore the balance of the Letter of Credit to the amount required hereunder. Tenant shall maintain the Letter of Credit, or a substitute Letter of Credit from a bank reasonably approved by Landlord, in accordance with the terms hereof, in full force and effect at all times during the entire Term and for a period of thirty (30) days thereafter (the last day of such 30 day period shall be referred to herein as the "Return Date").

If the Letter of Credit shall expire before the Return Date, Tenant shall replace the Letter of Credit deposited with Landlord by providing Landlord with a substitute Letter of Credit at least thirty (30) days prior (each such 30th day prior being referred to herein as a "Change Date") to the expiration date of then effective Letter of Credit being held by Landlord, in the applicable amount required hereby. Any failure by Tenant to provide such a substitute Letter of Credit shall be an Event of Default under this Lease for which there shall be no grace period and shall entitle Landlord to draw on all funds available under the Letter of Credit then being held by Landlord as amounts due hereunder and hold the same as security for Tenant's performance of its obligations under this Lease. The Security Deposit shall not be used by Tenant as a payment of rent due for the final months of the Term.

10.20 Evidence of Authority.

Simultaneously with the execution hereof, Tenant shall deliver to Landlord evidence, satisfactory to Landlord's counsel, as to the authority of the persons executing this Lease on behalf of Tenant to enter into, execute, deliver and bind Tenant to this Lease.

10.21 Relocation.

Intentionally omitted

10.22 Notice of Lease.

Tenant agrees not to record this Lease, but upon request of either party, both parties shall execute and deliver a notice of this Lease in form appropriate for recording or registration, and if this Lease is terminated before the Term expires, an instrument in such form acknowledging the date of termination.

10.23 Option to Extend. Provided that Tenant is not in default of the performance or observation of any of the terms or provisions of this Lease after notice to Tenant and expiration of applicable grace and cure periods (as defined in Section 7.1 herein), Tenant may elect to extend the Term of this Lease for one (1) additional period of five (5) years (the "Extension Term"), by giving Landlord notice of such election no later than twelve (12) months prior to the expiration of the initial Term. Such extension shall be upon the terms, covenants, and conditions contained in this Lease except that Tenant shall have no further right to extend the Term and that the Base Rent for the Extension Term shall be at fair market rent for comparable space in comparable properties in the Watertown area taking into account all relevant factors.

If Landlord and Tenant are unable to agree on the amount of such fair market rent by the date that is thirty (30) days after the date of Tenant's election notice based on rental rates and terms for comparable space in the Greater Boston area, then Landlord shall promptly specify in writing the rent (the "Landlord's Rental Rate") at which Landlord is willing to lease the Premises for the Extension Term and Tenant shall promptly specify in writing the rent (the "Tenant's Rental Rate") which Tenant is willing to pay for the Premises for the Extension Term and the amount of the fair market rent shall be established by appraisal in the following manner. The Landlord and Tenant shall each appoint one appraiser and the two appraisers so appointed shall determine the fair market rent within thirty days of Tenant's election notice. If such appraisers are unable to agree on the amount of such fair market rent within such 30-day period, they shall appoint a third appraiser within ten (10) days of the expiration of such period, who shall be instructed to select, as between the rents chosen by the two appraisers, the rent that is closest to the third appraiser's estimate of Fair Market Rent. The fair market rent shall be the amount so selected by the third appraiser and shall be conclusive on the Landlord and Tenant.

Each party shall bear the cost of its appraiser, and the cost of the third appraiser shall be split equally between parties. The third appraiser's estimate shall be based on the data supplied and used by the original two appraisers and the findings made by the third appraiser shall be set forth in writing.

EXHIBIT D

RULES AND REGULATIONS

- A.** The entrances, lobbies, passages, corridors, elevators, halls, courts, sidewalks, vestibules, and stairways shall not be encumbered or obstructed by Tenant, Tenant's agents, servants, employees, licensees or visitors or used by them for any purposes other than ingress or egress to and from the Premises.
- B.** The moving in or out of all safes, freight, furniture, or bulky matter of any description shall take place during the hours which Landlord may determine from time to time. Landlord reserves the right to inspect all freight and bulky matter to be brought into the Building and to exclude from the Building all freight and bulky matter which violates any of these Rules and Regulations. Landlord reserves the right to have Landlord's structural engineer review Tenant's floor loads on the Premises at Tenant's expense.
- C.** Tenant, or the employees, agents, servants, visitors or licensees of Tenant shall not at any time place, leave or discard any rubbish, paper, articles, or objects of any kind whatsoever outside the doors of the Premises or in the corridors or passageways of the Building. No animals or birds shall be brought or kept in or about the Building excluding seeing eye dogs. Bicycles shall not be permitted in the Building.
- D.** Tenant shall not place objects against glass partitions or doors or windows or adjacent to any common space which are visible from the Building corridors or from the exterior of the Building and will promptly remove the same upon notice from Landlord.
- E.** Tenant shall not make noises, cause disturbances, create vibrations, odors or noxious fumes or use or operate any electric or electrical devices or other devices that emit sound waves or are dangerous to other tenants and occupants of the Building or can be felt, heard or experienced by other tenants or in common areas or that would interfere with the operation of any device or equipment or radio or television broadcasting or reception from or within the Building or elsewhere, or with the operation of roads or highways in the vicinity of the Building, and shall not place or install any projections, antennae, aerials, or similar devices inside or outside of the Premises.
- F.** Landlord may place reasonable restrictions on any cooking in the Premises excluding the use of microwaves in kitchenette areas.
- G.** Tenant shall not use the Premises: (a) for lodging, manufacturing or for any immoral or illegal purposes; (b) to engage in the manufacture or sale of, or permit the use of spirituous, fermented, intoxicating or alcoholic beverages on the Premises; (c) to engage in the manufacture or sale of, or permit the use of, any illegal drugs on the Premises; or (d) for any retail use.
- H.** No awning, antennas or other projections shall be attached to the outside walls or windows. No curtains, blinds, shades, screens or signs other than those furnished by Landlord shall be attached to, hung in, or used in connection with any window or door of the Premises. Existing window treatments shall remain in place.
- I.** No signs, advertisement, object, notice or other lettering shall be exhibited, inscribed, painted or affixed on any part of the outside or inside of the Premises if visible from outside of the Premises.
- J.** Tenant shall not use the name of the Building or use pictures or illustrations of the Building in advertising or other publicity without prior written consent of Landlord. Landlord shall have the right to prohibit any advertising by Tenant which, in Landlord's opinion, tends to impair the reputation of the Building or its desirability for offices, and upon written notice from Landlord, Tenant will refrain from or discontinue such advertising.
- K.** Landlord will furnish door keys for doors in the Premises at the Commencement of the Lease. All tenant keys must be on the building master. Tenant shall not affix additional locks on doors and shall purchase duplicate keys only from Landlord. In the event of the loss of any keys so furnished by Landlord, Tenant shall pay to Landlord the cost thereof. At lease termination keys to all keyed locksets must be returned to landlord.

- L.** Tenant shall cooperate and participate in all security programs affecting the Building.
- M.** Tenant assumes full responsibility for protecting its space from theft, robbery and pilferage, which includes keeping doors locked and other means of entry to the Premises closed and secured.
- N.** Tenant shall not make any room-to-room canvas to solicit business from other tenants in the Building, and shall not exhibit, sell or offer to sell, use, rent or exchange any item or services in or from the Premises. Canvassing, soliciting and peddling in the Building are prohibited and Tenant shall cooperate to prevent the same. Peddlers, solicitors and beggars shall be reported to the Management Office.
- O.** Tenant shall not mark, paint, drill into, or in any way deface any part of the Building or Premises. No boring, driving of nails or screws, cutting or stringing of wires shall be permitted, except with the prior written consent of Landlord, and as Landlord may direct. Tenant shall not install any resilient tile or similar floor covering the Premises. The use of cement or other similar adhesive material is expressly prohibited.
- P.** Tenant shall not waste electricity or water and agrees to cooperate fully with Landlord to assure the most effective operation of the Building's heating and air conditioning. Tenant shall keep corridor doors closed except when being used for access.
- Q.** The water and wash closets and other plumbing fixtures shall not be used for any purposes other than those for which they were constructed, and no sweepings, rubbish, rags, or other substances shall be thrown therein.
- R.** No smoking shall be permitted in any portion of the Building (including the Premises and all common areas within the Building). Landlord may also limit smoking in exterior areas to such location or locations as Landlord may designate from time to time. No sale or distribution of tobacco or tobacco products shall be permitted anywhere in the Building or on the Lot or any other facilities operated in connection with the Building or the Lot.
- S.** Building employees shall not be required to perform, and shall not be requested by any tenant or occupant to perform, any work outside of their regular duties, unless under specific instructions from the office of the Building Manager.
- T.** Tenant contractors must provide a certificate of insurance meeting all requirements prior to any work commencing. Landlord should receive certificate with additional insured at least three days before work starts.
- U.** Off-hour work by tenant contractor requires that a person representing the landlord be present in work area. Tenant will be billed back for labor hours.
- V.** Tenant's contractors must adhere to the Hot Works Program whenever any welding, cutting, burning, spark producing work is being done. Hot works permit can be obtained from site engineer. You will also be required to provide a fire watch, one hour after hot work has been completed to ensure no fire exist.
- W.** Landlord is not responsible for tenant owned supplemental equipment. Service will be provided at an additional cost.
- X.** Tenant is not allowed to install vending machines in their space.
- Y.** To mitigate the risk of uncontrolled leaks, the following plumbing installations must have provisions for automatic shutoff with audible alarm and leak sensor; dishwashers, hot water heaters, coffee makers, drinking water filters, ice machines and any other appliances connected to live water supply. The choice of sensor and shutoff device must be approved by the property management company prior to installation. All shutoffs must be in copper piping.

-
- Z.** Tenant will be responsible for managing the allocation of parking spots for the northern and southern parking lots. Tenant is to be in accordance with the lease pertaining to the specific amount of parking spots on the southern and northern lots. Landlord has right to oversee parking regulations and will inform Tenant if there is an issue. Landlord reserves the right to tow any vehicle that does not conform to these guidelines.
 - AA.** The use of abutting Massachusetts Department of Conservation (MDC) lot will be at the sole risk of the individual.
